CAUTION: KEEP OUT OF REACH OF CHILDREN.
Harmful if swallowed. Avoid contamination
of feed and foodstuffs. Remove pets, birds,
and cover fish aquariums before spraying.
All food processing surfaces should be covered
during treatment or thoroughly cleaned before
using. When using the product in these, apply
only when the facility is not in operation. Foods
should be removed or covered during treatment.

WARNING: Contents under pressure. Do not
puncture. Do not use or store near heat or store
near heat or open flame. Exposure to tempera-
tures above 130°F may cause bursting. Never
throw container into fire or incinerator.

DIRECTIONS FOR USE

Shake well before each use. Remove protective cap. Aim
spray opening away from person. Push button to spray.

FOR HOUSEFLIES MOSQUITOES, AND GNATS Close all
doors and windows. Point nozzle upward direct the spray
mist to all parts of the room, especially windows and other
light sources which attract these insects. Fill the room with
mist, then leave the treated area. Keep the room closed for at
least 15 minutes. Ventilate the room when treatment is
completed.

WASPS: Application should be made in late evening when
insects are at rest. Spray liberally into hiding and breeding
places, contacting as many insects as possible. Repeat as
necessary.

FOR CRAWLING INSECTS: Roaches, carwigs, grain mites,
scorpions, spiders and centipedes. Spray thoroughly into
hiding places such as cracks, crevices, moist areas, openings
around pipes and sinks, under refrigerators, baseboards, and
storage areas. Spray directly on insects where possible.
Repeat as necessary.

ANTS: Spray trails, nests and points of entry. Spray on ants
where possible. Repeat as necessary.
