

US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460 NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)	EPA REGISTRATION NO. 10370-76	DATE OF ISSUANCE September 28, 1987
	TERM OF ISSUANCE Until Reregistration	
	NAME OF PESTICIDE PRODUCT Ford's 1% Propoxur Spray	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Ford's Chemical & Service
 2739 Pasadena Boulevard
 Pasadena, TX 77502

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 10370-76."
 - b. Revise the Statement of Practical Treatment to read:

If Swallowed: Contains petroleum distillate.
Do not induce vomiting. Get medical attention.
 - c. Change the statement "Do not use as a Spray Spray" to "Do not use as a Space Spray."
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL <i>Dennis H. Edwards</i>	DATE 9/28/87
---	-----------------

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 5(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes or clothing should be avoided. Wash thoroughly after using and before eating or smoking. Avoid contamination of food, utensils and food preparation areas.

ENVIRONMENTAL HAZARDS

Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply directly to any body of water. Do not allow pets or children in treated areas until spray has dried.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame. Provide adequate ventilations during application.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store product in its original labeled container in a cool, dry, locked place out of reach of children. **DISPOSAL:** Do not re-use empty container. Wrap and put in trash collection.

FOR SPOT APPLICATION ONLY

This product contains Baygon and is a highly effective new formulation which provides rapid kill of such crawling insects as those listed below, including insects resistant to certain chlorinated hydrocarbon and phosphate insecticides.

INSECTS KILLED

ANTS	FLEAS	SAWTOOTHED GRAIN BEETLE
BROWN DOG TICKS	FLIES	SILVERFISH
CLOVER MITES	MOSQUITOES	SOWBUGS
CRICKETS	SCORPIONS	SPIDERS
EARWIGS	ROACHES	

In addition to rapid contact kill, this insecticide stays on treated surfaces and kills insects for up to two weeks after the spray deposit has dried.

HOW TO USE- This product is Ready To Use as it comes from the container and may be applied with either a power-operated or a hand sprayer such as a Hudson, B & C or a Root Lowell pressure type sprayer. Apply as a coarse spray stream rapidly enough to prevent excessive wetting of surfaces and waste of material. Thoroughly clean sprayer with strong soap solution and dry after use. Remove pets and people from area as you are spraying and do not allow them access to treated areas until spray has dried.

RESTRICTIONS- Avoid excessive wetting of plastic, rubber and asphaltic surfaces such as tiles and floor covering since damage may occur in the way of "softening". To test, first treat a very small inconspicuous area; if unaffected it may be treated with a very light mist application. Remove hand operated trigger or pump type sprayers from insecticide solution after use since they may be damaged if allowed to remain in the insecticide for an extended period of time.

I N D O O R U S E

Homes, Apartments, Condominiums, Offices, Schools, Factories, Warehouses, etc.

S P O T T R E A T M E N T O N L Y

This product is Ready To Use for control of Ants, Cockroaches, Crickets, Silverfish, Spiders, Scorpions, Sawtoothed Grain Beetles, Palmetto Bugs, and Water Bugs.

Spray into cracks, crevices, around baseboards and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. For Ants, spray trails and places where they enter premises. Repeat as needed. Do not spray foodstuffs or house plants. Remove pets and cover fish bowls before spraying. Do not allow children to contact treated surfaces until surfaces are completely dry.

This product is Ready To Use for control of Brown Dog Ticks. Spray pet sleeping quarters, around baseboards, window frames and door frames, wall cracks and local areas of floors. Repeat as needed. Fresh pet bedding should be provided after spraying. DO NOT SPRAY ANIMALS.

O U T D O O R U S E

P R E M I S E T R E A T M E N T

This product is Ready To Use for control of Ants, Clover Mites, Crickets, Earwigs, Fleas, Flies, Millipedes, Mosquitoes, Sowbugs, and Brown Dog Ticks.

Spray outside infested areas thoroughly, including outside surfaces of screens, doors, window frames, foundations, patios, and other places where insects may enter. For Ants, spray hills, and ant trails and repeat as necessary. DO NOT SPRAY FLOWERS, VEGETABLES, ORNAMENTALS, OR OTHER VEGETATION since damage may occur from the base solvent.

NOTICE: Buyer and user assumes all risk and liability of use, storage and/or handling of this material not in accordance with the terms of this label.
