Dursban Dust

Insecticide

Controls Numerous Pests of Households

ACTIVE INGREDIENT

Chlorpyrifos [0,0-diethyl-O-(3,5,6-trichloro-2-pyridyl)phosphorothioate]

1%

INERT INGREDIENTS

99%

Net wt. 1.0 lb. (454 g.)
Gross wt. 1.5 lb. (680 g.)

PRECAUTIONARY USER INFO: Shuted no ree ingies, no use este product in a que a etiquet e haya s no expicada amplemente.

TRANSLATION TO THE USER: If you cannot read English do not use this product until the label has been fully explained to you.

KEEP OUT OF THE REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals
Avoid Contact With Eyes, Skin Or Clothing • Wash Thoroughly After Handling • Wash Contaminated Clothing Before Reuse • Avoid Breathing Dust May Be Harmful If Swallowed • Do Not Allow Dust To Contact Food, Feedstuffs, And Water Supplies • Thoroughly Wash Dishes And Food Handling Utensils With Soap And Water If They Become Contaminated By Application Of This Product • Do Not Allow Children Or Pets To Contact Treated Surfaces • Remove Pets And Cover Fish Bowls, (Tanks) Before Applying • Do Not Use In Poultry Houses Or Other Animal Buildings.

STATEMENT OF PRACTICAL TREATMENT

If On Skin: Wash with plenty of soap and water. Get medical attention if irritation persists. **If In Eyes:** Flush eyes with plenty of water for 5 minutes. Get medical attention if irritation persists. **If Swallowed:** Drink plenty of water and induce vomiting by touching back of throat with finger. Do not give anything by mouth. Get medical attention.

Note to Physician: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Antidote only if needed. Do not induce vomiting.

ENVIRONMENTAL HAZARDS

This product is highly toxic to bees exposed to direct treatment or to larvae in cells. Protective measures may be needed to prevent direct contact with bees.

This product is highly toxic to fish and other aquatic life. Do not apply to water. Do not allow runoff into water. Wash thoroughly with soap and water.

USE DIRECTIONS

Read label of Federal Law to use this product in a manner consistent with its labeling.

Dursban Dust Insecticide is a ready-to-use insecticide dust which controls pests as indicated below. Apply directly into cracks and crevices or other localized areas with a dusting dust or other suitable equipment. The amount of Dursban Dust to be applied will vary, but should usually be in the range of 1.5 to 2.5 ounces per square yard.

Application Within Food Handling Establishments (Places Other Than Private Residences In Which Food Is Held, Processed, Prepared or Served) Including, But Not Limited To, Restaurants, Grocery Stores, Bakeries, Bottling Plants, Canneries and Grain Mills: Use as a spot treatment in and around both food and non food areas to control cockroaches (including strains resistant to certain other insecticides), ants, crickets, firebrats, silverfish, spiders, and stored product insects such as confused flour beetles, sawtoothed grain beetles, Indian meal moths, rice weevils, Mediterranean flour moths, and red flour beetles. Apply as a light but uniform dust to localized areas. Do not allow the dust to contact food or food-contacting surfaces. Areas treated may include dark corners of rooms and closets, along and behind baseboards, beneath and behind stoves, refrigeration units and similar food preparation areas and equipment, floor drains, and around plumbing and other utility installations. For ants apply to ant trails and wherever these pests may find entrance. Repeat treatment as needed but not more often than once every 7 days in restaurants and similar food service establishments or more often than once every 14 days in other types of food handling establishments. In case of emergency local back-up Dursban dust may be applied after 2 days from the last treatment, but emergency use should be limited to once per month.

Application Within Food Handling Establishments Other Than As A Spot Treatment: Not Permitted Application As A Spot Treatment: Dursban Dust Must Not Be Made In Serving Areas While A Food Is Being Served.

Application Within Residential Buildings Including Homes and Apartment Buildings and Within Non-food Areas of Industrial, Institutional and Commercial Buildings Including Hospitals, Stores, Manufacturing Plants and Warehouses: For Spot Treatment Only. Apply as a light but uniform dust to localized areas where cockroaches, including strains resistant to certain other insecticides, ants, crickets, firebrats, silverfish, and spiders are found or form a nuisance. Apply in dark corners of rooms and closets, cracks and crevices, along and behind baseboards, beneath and behind sinks, stoves, refrigeration and other food preparation and utility installations. For ants apply to ant trails and wherever these pests may find entrance.

Apply in dark corners of rooms and closets, cracks and crevices, along and behind baseboards, beneath and behind sinks, stoves, refrigeration and other food preparation and utility installations. For ants apply to ant trails and wherever these pests may find entrance.

Carpenter Ants: Apply dust around doors and windows and other places where ants enter premises and where they crawl or hide. Also force dust into cracks and crevices or through openings of small newly drilled holes into wall voids where ants and/or nests are present. Use a sufficient amount to lightly cover area surfaces.

Wasps, Bees and Hornets: Apply on nest and surrounding area. To treat nests in wall voids, drill a hole in the wall, blow in dust and reseal. Do not use this product to treat overhead nests.

DISPOSAL

Do not reuse empty container. Wrap container and put in trash collection.

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonable for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable by seller and buyer, or under the use of any such use.
