DIRECTIONS

Spray bird cages and aviary thoroughly, paying special attention to cracks and crevices or metal-metal apertures. There is no necessity for removing birds from cages or aviaries when spraying with STAFFEL'S CAGE AND AVIARY SPRAY, but care must be taken when applying this material to cages or aviaries, not to saturate the birds or play the spray directly on the birds. Spray cage holders or stands thoroughly, as well as immediate area under and around cages. Be sure to dip ends of perches in this solution as part of the spraying treatment. REPEAT TREATMENT whenever necessary.

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
