### STATEMENTS OF PRACTICAL TREATMENTS

**IF SWALLOWED:** Call a physician or Poison Control Center immediately. Do not induce vomiting because of aspiration hazard. Get medical attention immediately. **IF IN EYES:** Flush eyes with plenty of water. Get medical attention immediately. **IF ON SKIN:** Remove contaminated clothing. Wash affected area with soap and water. Get medical attention immediately. **NOTE TO PHYSICIAN:** Atropine Sulfate is antidotal by injection only when signs of cholinesterase inhibition are present. Solvent presents an aspiration hazard. Gastric lavage is indicated if material was taken internally.

### PRECAUTIONARY STATEMENTS

**Hazards to Humans and Domestic Animals**

**WARNING:** May be fatal if swallowed. Causes eye irritation. Do not get in eyes. Avoid contact with skin and clothing. May cause allergic skin reactions. Wear natural rubber or Neoprene gloves when using this product to bathe dogs. Excessive or prolonged contact of this dip solution with the skin should be avoided. Contaminated utensils should not be used for any other purpose after use with insecticide. Do not treat sick or debilitated animals or animals under 4 months of age. Do not treat nursing animals. Wash thoroughly after using and before eating or smoking. Do not get in dogs eyes or scrotum area. SEE "NOTE TO PHYSICIAN" ON FRONT PANEL.

### ENVIRONMENTAL HAZARDS

Do not contaminate water by cleaning of equipment or disposal of wastes. This product is toxic to fish, birds, and wildlife. Do not apply to any body of water.

### PHYSICAL & CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store product in its original labeled container in a cool, dry, locked place out of reach of children. **DISPOSAL:** Do not re-use empty container. Wrap and put in trash.

### HOW TO MIX AND USE FOR DOGS

**HOW TO USE:** To kill Fleas, Ticks and Mange Mites on **DOGS ONLY** mix 2 oz. (4 tablespoons) per gallon of water. 3 ounces is enough to make 4 gallons of dip solution. Thoroughly mix the solution. Dip or sponge the animal until the coat is thoroughly wet to the skin. Do not rinse the animal after treatment therefore allow the solution to dry on the animal. Do not repeat the treatment more often than once every 4 weeks. Do not use this product simultaneously or within 30 days before or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides or chemicals.

### DO NOT USE ON CATS

**NOTICE:** Buyer and user assumes all risk and liability of use, storage, and/or handling of this product not in accordance with the terms of this label.
