NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration, Reregistration is returned herewith.
Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 10370-200."
 - b. Add a footnote to the label ingredient statement indicating "Contains petroleum distillates."
 - c. Since your data matrix does not give a dielectrical breakdown voltage, you must add the following to the use directions:

Do not use this product in or on electrical equipment due to the possibility of shock hazard."
3. Within 15 months of the date stamped on this Registration Notice submit a 1-year storage stability study.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

See P. 2

DATE

2/23/89

4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PHYSICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
STORAGE: Store product in a cool, dry, locked place out of reach of children.
DISPOSAL: Replace cap and discard container in trash. Do not incinerate or puncture.

FOR USE IN BUILDINGS, VANS, SHIPS, AIRCRAFT AND IN TENTAGE
FOR INDOOR USE ONLY

TO KILL COCKROACHES

Attach the extension tube to spray nozzle, spray directly into cracks, crevices and all places suspected of harboring cockroaches. Contact as many insects as possible with the spray. Special attention should be paid to hidden areas behind stoves, refrigerators, and food storage areas and suspected hiding places.

TO KILL FLYING INSECTS

For Mosquitoes, Houseflies, and Gnats; Close area to be treated. Spray above head with a sweeping arm motion 3 feet from any surfaces. Spray up to 10 grams (10 seconds) per 1,000 Cubic Feet. of space. Keep treated area closed for at least 30 minutes after spraying. Ventilate area before re-entry. Repeat as necessary.

AIRCRAFT USE

To kill Flies, Mosquitoes, and Gnats while in flight or while on the ground prior to takeoff. Use at least 30 minutes prior to the first landing at a U. S. port. Spray 10 grams (10 seconds) per 1,000 Cubic Feet of space, in a sweeping motion. Spray all storage spaces after loading is completed, and crew and passengers are on board and all doors and hatches closed. Stop ventilation systems for at least 3 minutes after spraying.

NOTICE: Buyer and user assume all risk and liability of use, storage and handling of this product not in accordance with the terms of this label.
