NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. Submit a copy of the label for your product to the Registration Division (75-767) in Washington, DC 20460.
 2. Make a copy of the label for your product for distribution to your customers.
 3. Submit a copy of the label for your product to the Registration Division (75-767) in Washington, DC 20460.
 4. Add a copy of the label for your product to the file of your product.
 5. Submit a copy of the label for your product to the Registration Division (75-767) in Washington, DC 20460.
- If these conditions are not met, the registration of your product is subject to cancellation. You will be notified of the cancellation of the registration of your product.

FORD'S YARD-X

Kills Fleas and Other Listed Outdoor Pests

ACTIVE INGREDIENT:

*Cyano (3-phenoxyphenyl) methyl 4-chloro-alpha-
(1-methylethyl) benzeneacetate.....1.72%

**INERT INGREDIENTS.....98.28%

TOTAL.....100.00%

* * Contains Petroleum Distillate

*Licenced under U.S. Patent No. 4,062,968 of Sumitomo Chemical Company.

KEEP OUT OF REACH OF CHILDREN
C A U T I O N

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF ON SKIN OR CLOTHING: Remove contaminated clothing. Wash skin with soap and warm water. Get medical attention if irritation persists.

IF SWALLOWED: Call a physician or Poison Control Center. Do not induce vomiting because of aspiration hazard.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with water and get medical attention if irritation persists.

DO NOT SPRAY PLANTS USED FOR FOOD OR FEED

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

LAWN FLEA CONTROL

To kill fleas harboring in lawns, use this concentrate in a hose-end sprayer. Place required amount of concentrate in sprayer jar (see chart below) and fill with water to the recommended level. Mix well. Attach to sprayer and spray as recommended. For best results, lawn should be mowed a day or two before spraying.

in EPA Letter Dated.

EPA REG. NO. 10370-XXX
EPA EST. NO. 10370-TX-1

MAY 15 1971

PAGE 1 OF 2

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 10370-239

Spray using a slow, even sweeping motion, being sure to cover the entire lawn surface where the pets will normally frequent. Spray under ornamentals and trees, but avoid soaking young or flowering plants. Repeat treatments may be necessary at 7 to 14 day intervals.

Keep pets and children out of the treated area until after the spray has dried. Do not spray animals. Dogs, cats, their kennel or bedding area should also be treated with a registered flea control product in conjunction with this application.

Amount of Product to Use Fluid Ounces*	Amount of Water to Use	Area to be Treated
1 - 1/3 fluid ounces	3 gallons	500 sq. ft. (50' x 10')
2 - 2/3 fluid ounces	6 gallons	1,000 sq. ft. (50' x 20')
5 - 1/3 fluid ounces	12 gallons	2,000 sq. ft. (50' x 40')

*NOTE: 1 fluid ounce = 2 tablespoonsful = 6 teaspoonsful

FOR OUTDOOR PESTS

Mix concentrate in a compressed air sprayer or watering can at the rate of sixteen (16) fluid ounces per one (1) gallon of water to control on contact cockroaches, palmetto bugs, ants, crickets, sowbugs, spiders, and ticks. Use at the rate of one (1) gallon (diluted spray) per 1,000 sq. ft. to outside surfaces of buildings, porches, patios, garages and other areas where these pests have been seen or are found. Do not spray in or near fish ponds or other bodies of water. Do not allow spray to contact ornamental plants or shrubs because of possible injury.

Building Perimeter Treatment: To help prevent infestations of buildings by ants, crickets, spiders, centipedes, and sowbugs (pillbugs), treat a 12 - 18 inch band of soil or other substrate adjacent to buildings and the building foundation to a height of 2 to 3 feet where these pests are active and may find entrance. Use sixteen (16) fluid ounces of concentrate per gallon of water and apply as a coarse wet spray at the rate of one (1) gallon per 1,000 sq. ft.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Keep container closed.

DISPOSAL: Do not reuse empty container. Rinse thoroughly and securely wrap original container in several layers of newspaper and discard in trash.
