

Meets rigid AOAC efficacy standards for hospital type disinfectants

On environmental surfaces Formula 101 kills dangerous staph and strep germs, athlete's foot fungus and lipophilic viruses such as:

- Influenza A2
- Adeno Type 2
- Influenza Type B
- Rhino-39
- Herpes Simpiex
- Vaccinia

Spray as directed to kill household germs on bathroom basins, toilet seats, telephones, empty hampers, garbage and waste receptacles, animal areas, toys, light switches, door handles, bed springs, air ducts, all hard to reach places.

Kills mold and mildew

Use on finished surfaces in basement, closets, attic, laundry rooms, storage areas, summer cottages, boat and car interiors, shower stalls. Excellent for controlling mold and mildew on mattresses, pillows, shower curtains and books. Clean surface prior to application. Spray surface until covered with mist. Repeat application as necessary.

Fast! Easy! Effective!

ACTIVE INGREDIENTS:

o-Phenylphenol 0.11%, N-Alkyl (C₁₈ 92%; C₁₆ 8%) N-Ethyl Morpholinium Ethylsulfates 0.038% Alcohol 84.68%

INERT INGREDIENTS: 15.172%

ELIMINATES ODORS

In the air...

erases cooking and bathroom odors without heavy perfume. Actually eliminates odors by neutralizing them. Hold upright, spray into center of room. To refreshen smoke-filled rooms immediately, spray perimeter of room and to eliminate smoking odors retained in fabrics spray around draperies, curtains and upholstered furniture.

At their source...

ordinary, non-germicidal sprays can't eliminate germ-caused odors. Formula 101 used as disinfectant kills odor-causing bacteria in empty garbage cans, diaper pails, under sinks, empty hampers, toilet areas, sick rooms, pet areas, places where odor-causing germs are a problem. Hold upright, spray until covered with mist.

WARNING: FLAMMABLE. KEEP AWAY FROM HEAT OR OPEN FLAME.

Avoid contact with food. Avoid spraying into eyes.

FIRST AID: If sprayed directly into eyes immediately flush with plenty of water. Get medical attention if irritation persists.

To disinfect:

1. Hold can upright, 6" to 8" from surface.
2. Spray surface until covered with mist.

Do not use on polished wood furniture, rayon fabrics, or acrylic plastics.
