

Quatergent

CLEANER • DISINFECTANT • DEODORIZER
FUNGICIDE • VIRUCIDE*

FOR HOSPITAL AND INSTITUTIONAL USE

Cross infection is of major house-keeping concern not only in hospitals but in schools, institutions and industry. Quatergent is formulated for this problem area. It both cleans and disinfects. It is both easy and convenient when used as directed. Its hard surface disinfecting action will reduce the hazard of cross infection.

WARNING

Keep out of reach of children. May cause severe eye irritation or eye damage. Causes skin irritation. Do not get in eyes, on skin, or on clothing. Hazardous if swallowed. Avoid contamination of food.

FIRST AID:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, get a physician. Remove and wash all contaminated clothing before reuse. If swallowed, give milk or water, or white gelatin solution, or if these are not available, drink water. Call a physician immediately.
