OFFICE OF  
PREVENTION, PESTICIDES AND  
TOXIC SUBSTANCES

SUBJECT: Label Amendment Submission of 09/07/93 in Response to PR Notice 93-7  
EPA Reg. No. 10404-15  
LESCO 2.32 GRANULAR INSECTICIDE

Dear Registrant:

The labeling cited above and submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, successfully **REMOVES THE PRODUCT FROM THE SCOPE** of PR Notice 93-7 once the comments (if any) on the attached sheet are addressed. Other than the alterations (if any) listed on the attached sheet, no further alterations to the labeling are necessary to reflect the requirements of the Worker Protection Standard.

Since your amendment proposes to delete uses directly and/or to delete uses implicitly through the use of exclusionary statements), the Agency will publish in the Federal Register a notice of receipt of your amendment to delete uses, as required by section 6(f)(1) of FIFRA. The Agency will defer action for 90 days from the date of the Federal Register notice to give affected minor users an opportunity to try to persuade you to retain the uses(s). When the comment period has expired, the Agency will approve the amendment unless you have withdrawn it, and stamp the amended labeling "accepted." Your stamped-accepted labeling will then be sent to you.

As described in Supplement A of PR Notice 93-11 (self-verification option), you may sell and distribute product bearing the submitted labeling before you receive a copy of your stamped-accepted labeling. Note that your registration is not amended until the comment period required by section 6(f)(1) of FIFRA has expired and the Agency has approved the amendment. Therefore, you may withdraw your proposed amendment at any time during the comment period and until you receive your stamped-accepted labeling.

Sincerely,

  
James Tompkins, Deputy Chief  
Registration Support Branch  
Registration Division (7505W)

# 2.32 Granular Insecticide

**NOT FOR USE** on turf being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes.

A Dursban®-coated granular for control of Ants, Brown Dog Ticks, Chinch Bugs, Crickets, Cutworms, Earwigs, Hyperodes (Turfgrass) Weevils, Sod Webworms (Lawn Moths), Sowbugs (P. bugs) and White Grubs on lawns and around buildings. Manufactured specifically for use in rotary-type spreaders.

### ACTIVE INGREDIENTS:

Chlorpyrifos [O-(diethyl O-(3,5,6-trichloro-2-pyridyl) phosphorothioate)] ..... 2.32%

**INERT INGREDIENTS:** ..... **97.68%**

**TOTAL** ..... **100.00%**

®Dursban - Trademark of DowElanco

Contains New Low Odor Dursban

U.S. Patent No. 3,244,586

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### USE AND APPLICATION

Spread evenly at a rate of 1 pound per 1,000 square feet. To help obtain uniform distribution, apply one half the required amount in one direction; then apply the balance at a right angle.

To control ANTS, BROWN DOG TICKS, CRICKETS, CUTWORMS, EARWIGS, SOD WEBWORMS, CHINCHBUGS and SOWBUGS - spread uniformly at a rate of 1 pound per 1,000 square feet in northeastern states; make first application in May or June or when insects first appear. Re-treat as needed, usually in July or August.

**NOTE:** To reduce initial infestation or reinfestation of buildings by Earwigs, treat a band of ground 6 to 10 feet wide around and adjacent to the buildings where these pests are active.

To control HYPERODES WEEVILS: Apply as above except at twice the rate or two pounds per 1,000 square feet. Apply over suspected problem area in mid-April and again in mid-May.

To control WHITE GRUBS (larvae of Japanese Beetle and European Chafer), use 4 pounds per 1,000 square feet. Apply the granules uniformly over the area treated. For best results, product should be watered in after application. For best results, treat when grubs are young and actively feeding near the soil surface, usually during late July and August. Consult your local agricultural extension service specialist for proper time to treat in your area.

### APPROXIMATE SPREADER SETTINGS

Cyclone Spreader Settings*	Once	Twice	Spread
	Over	Over	
1 pound per 1,000 sq. ft.	3.25	2.75	6 feet
2 pounds per 1,000 sq. ft.	4.00	3.25	6 feet
4 pounds per 1,000 sq. ft.	-	4.00	6 feet

### LESCO Rotary Spreader Setting

# Product/ 1,000 sq. ft.	#AI/A	Effective Spreading Width	3rd Hole	Approx* Setting
1	1	9 feet	1	B 1/2 (9/32")
4	4	9 feet	1	E (13/52")

\*IMPORTANT: These settings are only approximate. Age, condition of spreader, and operator speed can cause wide variation. Be sure to calibrate your spreader with each application.

## KEEP OUT OF REACH OF CHILDREN CAUTION

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed. Do not take internally. Avoid contact with skin, eyes, or clothing. Flush contaminated eyes with plenty of water and get medical attention if irritation persists. Wash thoroughly after handling. Wash contaminated clothing before reuse. Avoid breathing of dust. Keep children and pets off treated areas until this material is washed into the soil and grass is dry. Keep away from food, foodstuffs, and domestic water supplies.

#### STATEMENT OF PRACTICAL TREATMENT

**If swallowed:** Drink one or two glasses of water and induce vomiting by touching the back of throat with finger. Repeat until vomit fluid is clear. Call a physician immediately. Do not induce vomiting or give anything by mouth to an unconscious person. **If inhaled:** Remove victim to fresh air. Apply artificial respiration, if indicated. **If on skin:** Remove contaminated clothing and wash affected areas with soap and water. **If in eyes:** Flush out eyes for at least 15 minutes with water. Call a physician if irritation persists.

**NOTE TO PHYSICIAN:** Active ingredient is cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is an antidote.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish, birds, and other wildlife. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply when runoff is likely to occur. Use this product only as specified on this label.

### STORAGE AND DISPOSAL

**Pesticide Storage:** Keep out of reach of children and animals. Store in original container only. Store in a cool, dry place and avoid excess heat. Carefully open containers. In case of spill: Avoid contact, isolate area, and keep out animals and unprotected persons. Confine spills.

**Pesticide Disposal:** Do not contaminate water, food, or feed by storage or disposal. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office of guidance.

**Container Disposal:** Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

### WARRANTY

LESCO warrants that this insecticide conforms to the chemical description on its label. When used in accordance with label directions under normal conditions, this insecticide is fit for its intended purposes. Since timing, method of application, weather, plant and soil conditions, mixture with other chemicals, and other factors affecting the use of this product are beyond our control, no warranty is given concerning the use of this product contrary to label directions or under conditions which are abnormal or not reasonably foreseeable. The user assumes all risks of any such use.
