DURSBAN® 0.97% Plus Fertilizer

FOR USE on Golf Course turf, road medians and industrial sites only.

For the control of surface insects such as ants, armyworms, cutworms, sod webworms, chinchbugs, earwigs, sowbugs, and crickets.

ACTIVE INGREDIENT:
Chlorpyrifos [O,O-dimethyl-O-(3,5,6-trichloro-2-pyridyl) phosphorothioate] .................................. 0.97%

INERT INGREDIENTS: ........................................................................................................................................................................ 99.03%

Total .............................................................................................................................................................................................. 100.00%

U.S. Patent No. 3,244,586.

KEEP OUT OF REACH OF CHILDREN

CAUTION

READ ALL DIRECTIONS BEFORE USING.

FIRST AID

If inhaled
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

If on skin or clothing
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for further treatment advice.

If in eyes
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for further treatment advice.

If swallowed
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going to treatment. You may also contact 1-(800) 424-70 for emergency treatment information.

NOTE TO PHYSICIAN

Chlorpyrifos is a cholinesterase inhibitor that is systemically absorbed. Atropine is an antidote by injection.

PRECAUTIONARY HAZARDS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May be harmful if swallowed. Avoid eye contact. Wash thoroughly after handling. Wash contaminated clothing before reuse. Flush contaminated eyes with plenty of water and get medical attention if irritation persists. Keep away from food, foodstuffs, and domestic water supplies. Water lawn after application and keep the public, including children and pets, off treated area until the lawn is dried.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Fish and crustaceans may be killed if their waters are contaminated with this product. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Pesticide Storage: Keep out of reach of children and animals. Store in original container only. Store in a cool, dry place to avoid excess heat. Carefully open containers. In case of spill: Avoid contact, isolate area, and keep out animals and unprotected persons. Contain spills.
**Pesticide Disposal:** Do not contaminate water, food, or feed by storage and disposal. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

**HOW TO USE:** To control chinch bugs, sod webworms, ants, armyworms, crickets, cutworms, earwigs, and sowbugs, uniformly apply 2.4 lb of this product to cover 1,000 sq ft of golf course turf, road medians and industrial sites only. Treat when insects first appear; retreat as needed. To help obtain uniform distribution, apply one-half the required amount of product in one direction; then apply balance at a right angle. For best results, product should be watered-in after application.
