# LESCO® PCNB 12.5% Plus Fertilizer

**NOT FOR USE** on turf being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes.

For the control of certain soil-borne turfgrass diseases.

**Active Ingredient:**

Pentachloronitrobenzene..... 12.50%

**Inert Ingredients:**..... 87.50%

Total..... 100.00%

## KEEP OUT OF REACH OF CHILDREN CAUTION

### STATEMENT OF PRACTICAL TREATMENT

(First Aid Procedures):

If **swallowed**, induce vomiting. If on **skin**, remove contaminated clothing and wash skin with soap and warm water. If **inhaled**, remove to fresh air. If in **eyes**, flush with water for 15 minutes.

For further treatment, get medical attention.

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed, inhaled, or absorbed through skin. Avoid breathing dust. This material may cause skin irritation. Avoid contact with eyes, skin, or clothing. Wear long-sleeved shirt while handling product. Wash hands and face after use and prior to eating, drinking, or smoking. Wash contaminated clothing before reuse. Do not handle or apply product with bare hands. Keep out of reach of children.

#### ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply directly adjacent to potable water supplies.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### CHEMIGATION

Do not apply this product through any type of irrigation system.

#### LAWNS AND TURF

**Brown Patch and Dollar Spot:** For southern or warm season lawns such as St. Augustine, Bermuda, and similar grasses: Make one application in the fall or spring at first indication of infection. Apply 6 lbs. per 1,000 sq. ft. Following application, the treated areas should be lightly watered to insure movement through the grass to soil level. If the treated area is subjected to unusually heavy rainfall, or flooded, or if the disease is severe or reappears, the area should be retreated 3 to 4 weeks later.

**For Dichondra:** Treat as above, using 6 lbs. per 1,000 sq. ft. For Northern or cool season lawns such as Ryegrass, Fescue, Bluegrass, Bent, or similar grasses: apply 1.6 to 2.0 lbs. per 1,000 sq. ft. at first sign of disease. Repeat every 7 to 10 days during warm, damp weather. Water treated area lightly to wash chemical down to soil. Under certain growing conditions, a temporary discoloration of the grass occasionally may occur. This causes no harm and will disappear in a short time.

**Helminthosporium Leaf Spot:** Apply at rate of 4 to 6 lbs. per 1,000 sq. ft. Preventive applications should be made in Spring or Fall of each year. For control of existing infections, apply at the higher rate as soon as symptoms are first noted. Following applications, the treated area should be lightly watered to insure movement through the grass to soil level. If the treated area is subjected to unusually heavy rainfall or flooded, or if the disease is severe or reappears, the area should be retreated 3 to 4 weeks later.

**Snow Mold (Typhula incarnata, Fusarium nivale):** Apply at the rate of 4 to 6 lbs. per 1,000 sq. ft. using a granular lawn spreader or comparable equipment. Application should be made prior to first snowfall.

Do not graze treated areas or feed clippings to livestock.

**CAUTION:** For northern or cool season grasses, such as Ryegrass, Fescue, Bluegrass, Bent, or similar grass, application is NOT recommended when temperatures exceed 75 °F.

EPA Reg. No. 10404-37

EPA Est. No. 10404-OH-04 (M), 10404-FL-1 (S), 59197-CA-1 (C)

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**Storage Instructions:** Store in original container only, separate from other pesticides, fertilizer, food, and feed. Do not store near open flame or heat sources.

**Pesticide Disposal Instructions:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Container Disposal:** Completely empty bag into application equipment. Then dispose of bag in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

### Approximate LESCO Rotary Spreader Settings

# Product/1,000 sq. ft.	#N/1,000 sq. ft.	#AWA	Effective Spreading Width	3rd Hole	Calibration Gauge
4	0.40	21.0	7"	Open	# 15
6	0.60	32.8	7"	Open	# 18

**Important:** These settings are only approximate. Age, condition of spreader, and operator speed can cause wide variation. Be sure to calibrate your spreader with each application.
