PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through the skin. Prolonged or frequent repeated skin contact may cause allergic reactions in some individuals. Causes moderate eye irritation. Avoid breathing vapor, or dust. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating or smoking. Wash contaminated clothing with soap and water before re-use.

ENVIRONMENTAL HAZARDS

Do not contaminate water when disposing of equipment washwaters. Do not use on crops grown for food or foliage. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Apply this product only as specified on this label. Do not apply when weather conditions favor drift from target area. Do not use clippings or graze for animal feed.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.
Storage: Store product in original container in a cool, dry, locked place out of reach of children.
Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste facility.
Container Disposal: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

APPLICATION

This product is absorbed rapidly and works systemically from within the plants. Rainfall or sprinkler irrigation soon after application will assure rapid systemic uptake. Control will be less effective on turf suffering from drought stress. Therefore, in order to achieve maximum control, plants should be maintained in a vigorously growing state through good cultural practices. Apply when turf is fully established and actively growing. Applications should be made at recommended intervals to maintain disease control.
