WHERE TO USE

FOR CONTROL of weeds in St. Augustine and Centipede grass in or on residential lawns comparate issues, parks, recreational areas, unit course cemetenes, and athleholiteids

NOT FOR USE on turf being grown for sale or other commercial use as sod, or for commercial seed production, or fit research numbers

NOT FOR USE on Bluegrass Fescue, Bentgrass, Bahvagrass, Ryegrass Bermudagrass or Dichondra favens

WHEN TO APPLY

WHEN TO APPLY

Best weed control will result if applied before weeds sprout since the product acts as a "preemergent" and also as a "post-emergent" herbidoe. Established weeds are harder to kill and may
require an additional application in the fall or spring. For newly seeded cereboode, wast unbil grass
has been moved at least once. Do not plant "applied when one month after application, or seed
within 6 morths after application. For broadleaf weeds apply anytone the weeds are present and
actively growing. Early spring application is recommended for best control such as January 1st up
to March 1st otherwise it may be applied up to June 15th with good weed control.
For pre-emergence weed control (see abova) apply before seeds germinate A fall application will
be needed for control of cartain annualis such as Chickweed, Henbit Rabbit Tobacco. Florida
Betony and Evening Primriose. In case of heavy weed infestation or low soil moisture: a seperal
application may be necessarie. Wast 2 months for a repeat application. Apply when air is caim to
prevent particle wind drift. Apply this product only when grass blades are dry. To verify proper
application alting consult your State Agricultural Extension Service. Turkgrass Specialist.

HOW TO APPLY.

HOW TO APPLY

Apply 7.65 lb to 10 lb uniformly over 1,000 sq ft of learn arga, (equivalent to the required 1.5 – 2.0 lb Afrazine per acre). Use the lower rate for everage weed problems, the higher rate for learly weed population. Do not exceed recommended rates. Do not apply more than 4.0 lb a.1 Afrazine (2 applications at 10 lb product) per acre per year. Apply to dry grass. This product must be watered in ediately after application
