U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Reg. Number:

10404-95

Date of Issuance:

04/03/07

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Name of Pesticide Product:

Atrazine 0.45% Plus Fertilizer

Name and Address of Registrant (include ZIP Code):

Mr. John Olizinger
Lesco, Inc.
1301 East 9th St., Suite 1300
Cleveland, OH 44114-1849

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The label described above, submitted under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable. This product is re-registered in accordance with FIFRA sec. 4(g)(2)(C). Reregistration under this section of the Act does not eliminate the need for continual assessment of the registration of this product.

This labeling supersedes all previous accepted labeling for this product.

The removal of the pad requirement from the Environmental Hazards section is acceptable.

A copy of the label stamped accepted is enclosed for your records. Please submit one copy of the final printed labeling when product is released for shipment.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.
 When applying multiple products containing atrazine, the total pounds of atrazine applied in pounds of atrazine per acre may not exceed 4 pounds of atrazine from all applications made in a year.
 Do not apply to lawns, lawns, athletic facilities, schools playgrounds, parks, recreational areas, and sports fields.
 This product must be watered in immediately after application. Watering in must be performed by the commercial applicator or the commercial applicator must provide the following instructions to the resident or grower in writing:
 - This product must be watered in immediately
 - Do not enter or allow others (including children or pets) to enter the treated area until the surface is dry
 - Do not enter or allow others (including children or pets) to enter the treated area until the surface is dry
 For any requirements specific to your State or time, consult the agency responsible for pesticide regulation.
ANY USE OF THIS PRODUCT IN AN AREA WHERE USE IS PROHIBITED IS A VIOLATION OF FEDERAL LAW. Before using this product, you must consult the Arizona Watershed Information Center (AWIC) to determine whether the use of this product is prohibited in your watershed. AWIC can be accessed through the Arizona Watershed Information Center at www.azwater.gov. Use of this product is prohibited in any watershed where it is prohibited. If you are unsure if your product is prohibited, you may return this product to your point of purchase or contact LESCO for a refund.

NON-AGRICULTURAL REQUIREMENTS

This product is not to be used on or near any residential or institutional building, swimming pool, spa, hot tub, or other structure. Do not use on or near any playground, park, school, or other area where children play. Do not use on or near any body of water, stream, or pond. Do not use on or near any area where the water is used for drinking or other purposes. Do not use on or near any area where the water is used for irrigation. Do not use on or near any area where the water is used for recreation. Do not use on or near any area where the water is used for livestock. Do not use on or near any area where the water is used for fish. Do not use on or near any area where the water is used for shellfish. Do not use on or near any area where the water is used for wildlife. Do not use on or near any area where the water is used for birds. Do not use on or near any area where the water is used for insects. Do not use on or near any area where the water is used for plants. Do not use on or near any area where the water is used for animals. Do not use on or near any area where the water is used for humans. Do not use on or near any area where the water is used for the environment. Do not use on or near any area where the water is used for the planet.

IMPORTANT: Do not use on or near any residential or institutional building, swimming pool, spa, hot tub, or other structure. Do not use on or near any playground, park, school, or other area where children play.

FOR WEEDS THAT ARE PRESENT: Inhabits broadleaf weeds from the list such as Chickweed, Creeping Charlie, Dandelion, Evening Primrose, Florida Betony, Green Pigweed, Groundsage, Knotweed, Lambsquarters, Puncturewort, Smartweed, Yellow Nutsedge, and many others. **FROM SEEDS:** Prevents the germination of seeds of many weeds including, but not limited to, Crabgrass, Field Bindweed, and many others. Do not use on or near any area where the water is used for drinking or other purposes. Do not use on or near any area where the water is used for irrigation. Do not use on or near any area where the water is used for recreation. Do not use on or near any area where the water is used for livestock. Do not use on or near any area where the water is used for fish. Do not use on or near any area where the water is used for shellfish. Do not use on or near any area where the water is used for wildlife. Do not use on or near any area where the water is used for birds. Do not use on or near any area where the water is used for insects. Do not use on or near any area where the water is used for plants. Do not use on or near any area where the water is used for animals. Do not use on or near any area where the water is used for humans. Do not use on or near any area where the water is used for the environment. Do not use on or near any area where the water is used for the planet.

WHERE TO USE

For use on lawns, golf courses, and other recreational areas. Use on or near any residential or institutional building, swimming pool, spa, hot tub, or other structure. Do not use on or near any playground, park, school, or other area where children play. Do not use on or near any area where the water is used for drinking or other purposes. Do not use on or near any area where the water is used for irrigation. Do not use on or near any area where the water is used for recreation. Do not use on or near any area where the water is used for livestock. Do not use on or near any area where the water is used for fish. Do not use on or near any area where the water is used for shellfish. Do not use on or near any area where the water is used for wildlife. Do not use on or near any area where the water is used for birds. Do not use on or near any area where the water is used for insects. Do not use on or near any area where the water is used for plants. Do not use on or near any area where the water is used for animals. Do not use on or near any area where the water is used for humans. Do not use on or near any area where the water is used for the environment. Do not use on or near any area where the water is used for the planet.

WHEN TO APPLY

Block weed control will result if applied before weeds sprout since the product acts on young plants. It is also effective on weeds that have already sprouted. Do not apply on or near any residential or institutional building, swimming pool, spa, hot tub, or other structure. Do not use on or near any playground, park, school, or other area where children play. Do not use on or near any area where the water is used for drinking or other purposes. Do not use on or near any area where the water is used for irrigation. Do not use on or near any area where the water is used for recreation. Do not use on or near any area where the water is used for livestock. Do not use on or near any area where the water is used for fish. Do not use on or near any area where the water is used for shellfish. Do not use on or near any area where the water is used for wildlife. Do not use on or near any area where the water is used for birds. Do not use on or near any area where the water is used for insects. Do not use on or near any area where the water is used for plants. Do not use on or near any area where the water is used for animals. Do not use on or near any area where the water is used for humans. Do not use on or near any area where the water is used for the environment. Do not use on or near any area where the water is used for the planet.

USE PRECAUTIONS

Do not use on or near any residential or institutional building, swimming pool, spa, hot tub, or other structure. Do not use on or near any playground, park, school, or other area where children play. Do not use on or near any area where the water is used for drinking or other purposes.
