## DIRECTIONS

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its label.

This product is intended for exterior use and above ground use.

#### DIPPING OR SOAKING

To protect dry and well-seasoned timbers, posts and other heavy wood members before construction or before placing wood in contact with the soil, dip each wood member for 12 to 48 hours to give effective penetration to the wood. All wood members should be free of bark before receiving treatment.
