STORAGE AND DISPOSAL

DO NOT contaminate water, food or feed by storage or disposal.
Storage: Store in a dry place.
Disposal: Wrap container and place in trash collection.
DO NOT REUSE CONTAINER.

GENERAL INFORMATION

Monterey Liqui-Cop is a copper spray to be used on citrus, fruit trees, nut trees, and vegetables as a fungicide spray.
Control of diseases with fungicides is based on PREVENTION; complete coverage with the spray solution is necessary to prevent a fungus infection.
Since weather conditions vary, consult your state extension service for timing of applications.
Monterey Liqui-Cop is compatible with most insecticides, and can be used in a multi-purpose spray. Observe all cautions, limitations, and directions on labels of all products used in mixtures.

MIXING DIRECTIONS

1. Fill spray tank with $\frac{1}{2}$ recommended water.
2. Add insecticides or other compatible component, if necessary, while agitating.
3. Add recommended amount of Liqui-Cop through a strainer, while agitating.
4. Add balance of water.
5. Frequent shaking of sprayer while spraying is recommended to insure uniform coverage.

RIGHT PANEL

<u>Crop</u>	<u>Disease Control</u>	<u>Rate Tbsp/gal. Water</u>	<u>Instructions</u>
ALMONDS	Brown Rot	2	Apply at delayed dormant bud swell stage
	Shot Hole	2	Apply at leaf fall. Reapply up to late bud swell
