

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC
ANIMALS**

CAUTION

May be harmful if swallowed. Avoid breathing the dust and contact with skin, eyes, and clothing. Wash thoroughly after handling and before eating, drinking, or smoking. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

CONDITIONS OF SALE AND WARRANTY

CSI warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use. CSI MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES EITHER OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE. Handling, storage and use of the product by Buyer or User are beyond the control of CSI. Risks such as ineffectiveness or other unintended consequences resulting from, but not limited to, failure to follow label direction will be assumed by the Buyer or User. **IN NO CASE WILL CSI BE HELD LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE HANDLING, STORAGE OR USE OF THIS PRODUCT.**

IMPEL® RODS

**PROTECTION OF WOOD AGAINST
FUNGAL DECAY**

FOR COMMERCIAL USE ONLY

ACTIVE INGREDIENTS:

Anhydrous Disodium Octaborate	100.0%
(Na ₂ B ₈ O ₁₃)		
(Boric Oxide Equivalent	82.0%)
INERT INGREDIENT:	0.0%
		TOTAL 100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

- IF IN EYES: Flush with plenty of water. Call a physician.
- IF ON SKIN: Wash with plenty of soap and water.
- IF SWALLOWED: Call a physician, or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching the back of the throat with finger, or, if available, by administering syrup of ipecac. Do not induce vomiting or give anything to an unconscious person.

SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

WOOD AND WOOD PRODUCTS

IMPEL® Rods are recommended for the remedial protection of wood and wood products (lumber, millwork, fence posts, poles, crossties), against fungal decay.

The rate of application for IMPEL® Rods is dependent upon the volume of wood to be treated. The rate of application for IMPEL® Rods is 6.0 ounces of Boric Acid Equivalent per Cubic Foot of wood. IMPEL® Rods contain 1.45 ounces of Boric Acid Equivalent per ounce. The following table shows the Boric Acid Equivalent for each size of IMPEL® Rods:

Dimensions (inches)	Weight (ounces)	Boric Acid Equivalent (ounces)
1/4 x 1/2	0.02	0.03
1/4 x 2 1/8	0.12	0.17
1/3 x 1/2	0.06	0.09
1/3 x 1	0.10	0.14
1/3 x 2	0.21	0.30
1/3 x 2 5/8	0.23	0.33
1/2 x 4	0.85	1.23
3/4 x 3	1.40	2.03

IMPEL® Rods are designed to be placed inside the wood to be treated. The three step method is as follows:

1. Drill a hole that will accommodate the IMPEL® Rods needed.
2. Insert the correct size and quantity of IMPEL® Rods needed into the pre-drilled hole (determined from area to be treated)
3. Cap the hole with a suitable cap, filler or putty

When the wood is dry, painting or any other type of surface coating may be applied if desired. The location for placement of IMPEL® Rods should be in the general vicinity where the potential for decay is greatest. For the most effective installation IMPEL® Rods should be inserted at 4 inch intervals along the grain of the wood and at 2 inch intervals across the grain. In structural wood IMPEL® Rods should be inserted in a staggered pattern over the entire affected length of the component.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Dispose of empty container in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
