

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS & DOMESTIC ANIMALS  
CONTAINS PETROLEUM DISTILLATE  
AND COPPER NAPHTHENATE**

Harmful if swallowed. May be absorbed through skin. Do not get in eyes, on skin or on clothing. Wash thoroughly after handling. Avoid breathing vapor or spray mist. Use in a well ventilated area.

Do not breathe vapors or mist during brush, roll, spray or dip applications. Wear a NIOSH/MHSA-approved mist/vapor respirator when spraying for continued or prolonged use of this product or for frequent use of this product.

**ENVIRONMENTAL HAZARDS**

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not use, pour, spill or store near heat or open flame. Use only with adequate ventilation. Close container after each use.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Product will not freeze. Store at temperatures between 0° and 100°F. If the product has been spilled or is leaking, remove the source of the spill or leak. Recover free liquid. Spread absorbent, then applicable, wash area with detergent and water. Store product in original container only. Do not store with fertilizers, food and feed. Keep container closed and when not in use.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility in accordance with appropriate Federal, State, and local regulations.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

**10-9-0 WOOD PRESERVATIVE**

10-9-0 Green F.O. is intended for use only on exterior wood surfaces as a wood preservative treatment. 10-9-0 Green F. O. provides protection against moisture, fungi rot, termite damage and mildew on any natural wood surface. Do not contaminate potable water with treated articles. Do not apply to live stock food or feed contact surfaces. This copper naphthenate wood preservative and insecticide will preserve, protect and seal wood surfaces that will be in contact with soil or concrete. Depending on climatic conditions, species of wood to which applied, moisture and humidity, treatment extends service life several years. Retreat when possible every 5 to 7 years for sound maintenance.

**PREPARATION AND APPLICATION**

Wood should be clean, dry, well seasoned and free of bark. 10-9-0 Green F. O. should be applied liberally by brush, roller or spray. DO NOT THIN. Material is supplied at proper application consistency. If no finish is to be used, apply two liberal coats within the hour. Thoroughly cover ends, joints, cracks, and any cuts or holes made after the initial treatment. Clean equipment with mineral spirits for quick clean up. Best results when applied at temperatures between 40° and 100°F.

Application of this product may produce a strong, lingering, unpleasant odor.

Statement of Coverage: One gallon will treat approximately 200-300 square feet.
