

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Antimicrobials Division (7504C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

10465-38

SEP 21 1998

Term of Issuance:

Conditional

Name of Pesticide Product:

Supatimber Clear
Type B

NOTICE OF PESTICIDE:

- Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Chemical Specialties, Inc.
One Woodlawn Green
Charlotte, North Carolina 28217

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 10465-38".
- b. Under the "Environmental Hazards Statement" revised the first sentence to read: "This pesticide is toxic to fish and aquatic organisms".
- c. Under the "Statement of Practical Treatment" delete the statement, "In case of poisoning: Call a physician or Poison Control Center. Have patient lie down and keep quite".

d. In the Ingredient statement align the decimal points so that the percentages add up to 100%.

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

A handwritten signature in dark ink, appearing to be 'JRB', is written below the text.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER**

Corrosive. Causes irreversible eye damage. May be fatal if inhaled. Causes skin irritation. Harmful if swallowed or absorbed through skin. Do not breath vapors or spray mist. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles). Wear a mask or pesticide respirator jointly approved by the Mine Safety and Health Administration and the National Institute for Occupational Safety and Health. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

Applicators must wear gloves impervious to the wood treatment formulation in all situations where dermal contact is expected.

Individuals who enter treatment vessels and other related equipment contaminated with the wood treatment solution must wear protective clothing including overalls, jacket, gloves and boots impervious to the wood treatment formulation. Federal, State and Local confined space entry procedures should be observed.

Applicators must not eat, drink, or use tobacco products during application processes that may expose them to the preservative solution (e.g. manually opening or closing vessel doors, moving wood out of vessels, mixing chemicals, applying preservative and handling freshly treated wood).

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to the discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS

Combustible. Do not use or store near heat or open flame.

**SUPATIMBER CLEAR
TYPE B**

FOR THE PRESERVATION OF WOOD-BASED PRODUCTS AGAINST BIODETERIORATION

ACTIVE INGREDIENTS:

α -(2-4-Chlorophenyl)ethyl)- α -(1,1-dimethyl)-1H-1,2,4-triazole-1-ethanol 0.5%

INERT INGREDIENTS: 99.5%

TOTAL: 100.0%

Contains Petroleum Distillate.

**KEEP OUT OF REACH OF CHILDREN
DANGER**

STATEMENT OF PRACTICAL TREATMENT

If eyes are contaminated: Hold eyelids open and flush with a steady, gently stream of water for 15 minutes. Get medical attention..

If on skin: Wash skin immediately with plenty soap and warm water. Get medical attention.

If inhaled: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

If swallowed: Call a physician or Poison Control Center. Administer water freely and induce vomiting by giving one dose (2 oz or 15 ml) of syrup of ipecac. If vomiting does not occur within 5 to 10 minutes, administer second dose. If syrup of ipecac is not available, induce vomiting by sticking finger down throat. Repeat until vomit fluid is clear. **Never give anything by mouth to an unconscious person and do not induce vomiting. Get medical attention immediately.**

In case of poisoning: Call a physician or Poison Control Center. Have patient lie down and keep quiet.

NOTE TO PHYSICIAN: No specific antidote is available. Treat symptomatically. Probable mucosal damage may contraindicate the use of gastric lavage.

EPA REG. NO. 10465-XX

EPA EST. NO. 10465-NC-1

NET CONTENTS:

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

IMPORTANT: Read the entire directions for use before using Supatimber Clear.

Application

Supatimber Clear Type B may be applied by dip, pressure or double vacuum methods. Solution uptake and treatment conditions for each method should result in a 0.04 to 0.10 pcf retention of active ingredient in the treated article.

Treated wood should be used only for above ground uses that are continually protected from direct exposure to the weather.

For pressure treatment, follow the general requirements of American Wood Preservers' Association Standard C-1.

For dip treatment, Immerse wood completely until enough solution has been absorbed to meet the retention requirements given above. Use dip treatment procedures consistent with the equipment being used and standard treatment practices.

For double vacuum treatment, stack the wood in the treatment vessel so that it will remain submerged. Pull vacuum of -10 inches for five minutes. Fill the vessel, allow the pressure to return to atmospheric and discharge preservative solution. Pull vacuum of -20 inches and maintain for 20 minutes. Return pressure to atmospheric and drain preservative.

ACCEPTED
with COMMENTS
in EPA Letter Dated:

SEP 21 1998

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. N

10465-38

Handwritten initials or mark.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
