

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC
ANIMALS**

CAUTION. Causes moderate eye irritation. Harmful if swallowed or absorbed through skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing vapor or spray mist. Wear goggles or face shield, protective clothing and rubber gloves. Remove and wash contaminated clothing before reuse. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the rest room.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to estuarine invertebrates and other aquatic organisms. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to the discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS

Do not use or store near heat or open flame

ACCEPTED
MAY 10 2006
Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide, registered under EPA Reg. No. 10465-46

ClearWood- MW2

**FOR THE PRESERVATION OF WOOD-BASED
PRODUCTS AGAINST WOOD DECAY FUNGI AND TERMITES**

ACTIVE INGREDIENTS:

Tebuconazole, α -[2-(4-Chlorophenyl)ethyl]- α -(1,1-dimethylethyl)-1H-1,2,4-triazole-1-ethanol. 1.3100%

Imidacloprid, 2-Imidazolidinimine, 1-((6-chloro-3-pyridinyl)methyl)-Nitro..... 0.0262%

OTHER INGREDIENTS: 98.6638%

TOTAL:..... 100.00%

**KEEP OUT OF REACH OF CHILDREN
CAUTION
FIRST AID**

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing the eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice.

Refer to additional precautionary statements elsewhere on the label under the heading, "Precautionary Statements: Hazards to Humans and Domestic Animals".

have the product container or label with you when calling a poison control center or doctor.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

IMPORTANT: Read the entire directions for use before using ClearWood-MW2.

PERSONAL PROTECTIVE EQUIPMENT (P.P.E.)

Applicators and other handlers must wear the following personal protective equipment:

- Coveralls over long sleeved shirt and long pants.
- Socks and chemical resistant footwear.
- Goggles or face shield
- Chemical resistant gloves such as barrier laminate, butyl rubber, nitrile rubber, neoprene rubber, PVC or viton.

APPLICATION

ClearWood-MW2 may be applied by dip, or pressure treatment methods. Solution uptake and treatment conditions for each method should result in a 250-2500 ppm combined retention of active ingredients in the treated article. Treated wood should be used only for above ground uses.

For pressure treatment, follow the general requirements of American Wood Preservers' Association Standards U1, T1. For dip treatment, immerse wood completely until enough solution has been absorbed to meet the retention requirements given above. Use dip treatment procedures consistent with the equipment being used and standard treatment practices.

ClearWood-MW2 can be tank-mixed with other pesticide products labeled for wood treatment. Read and follow the label of each tank mix product used for precautionary statements, directions for use, application rates, and other restrictions.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
