501 South Lincoln Ave.  
Sterling, VA 20164-2024

Attention: Olivia Laird, Agent  
Thomson Research Associates

Subject: Ultra Fresh NM  
EPA Registration Number 10466-27  
Your Letter Dated June 30, 1997

This is in response to your request to amend the registration of the subject product to include label revisions adhesives and inks in food grade under the Directions for Use and revised labeling.

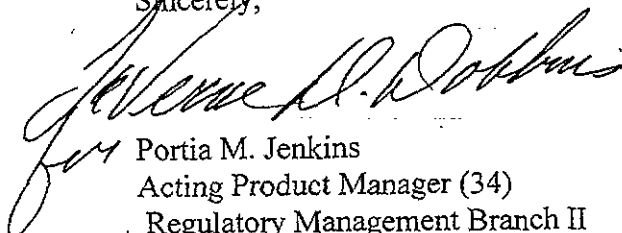

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable subject to the comments listed below. A stamped draft label is enclosed for your records. One copy of the finished labeling must be submitted prior to releasing the product for shipment.

Include the following statements as the second paragraph in your use directions section:

Revise "This product is not cleared for use in adhesives that come in contact with food to read; "Do not use this product in food grade adhesives or ink".

If you have any questions, please contact LaVerne Dobbins at (703) 308-6378.

Sincerely,

Portia M. Jenkins  
Acting Product Manager (34)  
Regulatory Management Branch II  
Antimicrobials Division (7510W)

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labelling.

Ultra-Fresh<sup>®</sup> NM is an additive designed for application to textiles at 1-4% on weight of goods to inhibit the growth of odor-causing bacteria on these surfaces.

The duration of Ultra-Fresh<sup>®</sup> NM's bacteriostatic activity has been experimentally demonstrated on washable treated fabrics subjected to 50 conventional launderings.

Ultra-Fresh<sup>®</sup> NM is also used as a laundry additive and can be used to treat carpets, latexes, air filters, and synthetic, cellulosic sponges, pigment presscakes, dispersions, inks, and adhesives. This Product is not cleared for use in adhesives that come in contact with food.

Please consult the respective Product Information Sheet for application parameters.

## ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

E.P.A. Reg. No. 10466-27  
E.P.A. Est. 34310-RI-01

## BACTERIOSTAT

### ACTIVE INGREDIENTS

5-chloro-2-(2,4-dichlorophenoxy)phenol.....3.0 %

INERT INGREDIENTS.....97.0 %

## KEEP OUT OF REACH OF CHILDREN CAUTION

### PRECAUTIONARY STATEMENT:

Hazard to humans and domestic animals. Harmful if swallowed. Avoid contact with eyes, skin or clothing.

### STATEMENT OF PRACTICAL TREATMENT:

In case of contact immediately flush eyes or skin with plenty of water for at least 15 minutes and call a physician. Wash skin with soap and plenty of water. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contra-indicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

Manufactured for: Thomson Research Associates  
95 King Street East, Suite 100  
Toronto, Ontario

Ultra-Fresh<sup>®</sup> is a registered trademark of Kroy International Inc.

## STORAGE AND DISPOSAL

**Prohibitions:** Do not store or transport in unlined metal containers. Do not contaminate with strong oxidizing or reducing agents. Do not contaminate water, food or feed by storage or disposal or cleaning of equipment.

**Pesticide Disposal:** Pesticides are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

### Container Disposal

**Metal Containers:** Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by other approved state and local procedures.

**Plastic containers:** Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**General: Consult Federal, state, or local disposal authorities for approved alternative procedures.**
