BACTERIOSTATIC AND FUNGISTATIC AGENT FOR  
 APPLICATION TO CARPETS AND RUGS BY  
 PROFESSIONAL CARPET CLEANERS ONLY.

Bacteriostatic and Fungistatic Activity on  
 Textile Surfaces

ULTRA-FRESH DM-50 confers bacteriostatic and fungistatic protection to textile (carpet) surfaces when the application procedures set out below are followed.

ULTRA-FRESH DM-50 may be used on the following fibers between shampooing or other liquid cleaning processes:

- |           |               |
|-----------|---------------|
| Acetates  | Polyethylene  |
| Acrylics  | Polyolefins   |
| Cotton    | Polypropylene |
|           | Rayon         |
| Nylon     |               |
| Orlon     | Wool          |
| Polyester |               |

Bacteriostatic and fungistatic action is exhibited on contact in the presence of moisture.

Application Instructions

- 1/ Dilute one fluid ounce of ULTRA-FRESH DM-50 with one gallon of hot water (approximately 120°F).
- 2/ Add to portable sprayer and adjust so that one gallon of diluted ULTRA-FRESH DM-50 will treat 600 square feet of textile (carpet) surface.
- 3/ Spray evenly over carpet.
- 4/ Use pile brush or similar, brush in diluted ULTRA-FRESH DM-50 ending up working in one direction for appearance of pile. Employ aluminium foil under furniture legs until carpet is

Primary Use

To effectively resist the growth and destructive action of a wide variety of bacteria, mold, mildew and other fungi between shampooings and other liquid cleaning processes.

Carpeting and rugs treated with ULTRA-FRESH DM-50 agent

- 1/ Inhibit growth of bacteria, mold and mildew to ensure hygienic freshness.
- 2/ Resist deterioration, discoloration and degradation caused by fungi and bacteria.
- 3/ Inhibit the growth of bacteria, mold and mildew to prolong the life of the treated article.
- 4/ Provide an antimicrobial treatment between shampooing or other liquid cleaning processes.
- 5/ Provide resistance to the growth of odor-causing bacteria, mold and mildew.
- 6/ Provide chemical protection to resist odors.
- 7/ Provide excellent cleaning quality.
- 8/ Provide room-to-room freshness.

5/ Thoroughly rinse sprayer after using.

6/ May be applied to carpet backings and  
poo
