ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this pesticide only as specified on this label.

CONDITIONS OF SALE AND WARRANTY

Thomson Research Associates warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use. Thomson Research Associates makes no other express or implied warranties either of merchantability or fitness for a particular use. Handling, storage and use of the product by Buyer or User are beyond the control of Thomson Research Associates. Risks such as ineffectiveness or other unintended consequences resulting from, but not limited to failure to follow label directions will be assumed by the Buyer or User. In no case will Thomson Research Associates be held liable for consequential, special or indirect damages resulting from the handling, storage or use of this product.

Ultra-Fresh* DM-25

BACTERIOSTATIC AND FUNGISTATIC PRESERVATIVE

ACTIVE INGREDIENT

Octhillinone,

2-n-Octyl-4-isothiazolin-3-one 25%

INERT INGREDIENTS..... 75%

**KEEP OUT OF REACH OF CHILDREN
DANGER**

STATEMENT OF PRACTICAL TREATMENT IN CASE OF CONTACT, IMMEDIATELY flush eyes with plenty of water for at least 15 minutes and call a physician. Wash skin with soap and plenty of water. Remove and wash contaminated clothing before re-use.

IF INHALED, remove to fresh air. If not breathing give artificial respiration. If breathing is difficult, give oxygen. Call a physician.

IF SWALLOWED, dilute by giving water. Call a physician. Never give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN: Measures against circulatory shock, respiratory depression, and convulsions may be needed.

E.P.A. Reg. No. 10466-32
E.P.A. Est. Nos. 70653-TX-00

ACCEPTED
JUL 16 2002
Under the Federal Insecticide, Fungicide, and Rodenticide Act, this product is registered as a pesticide, registered under EPA Reg. No. 10466-32

STORAGE AND DISPOSAL

Prohibitions: This product is corrosive to mild steel. Do not store or transport in unlined metal containers. Do not contaminate with strong oxidizing or reducing agents. Do not contaminate water, food or feed by storage or disposal or cleaning of equipment.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal

Metal Containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by other approved state and local procedures.

Plastic containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

General

Consult Federal, state, or local disposal authorities for approved alternative procedures.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For use as a bacteriostatic and fungistatic preservative finish for textiles in the presence of moisture, to protect paints, latex, gelatin, and starch-based adhesives in the can and in those products to which such emulsions and adhesives are applied from bacterial and fungal degradation, and for protection of adhesive films against fungal growth. This product may not be used in food grade adhesives. Ultra-Fresh* DM-25 is to be used as directed in the accompanying Technical Data & Product Information sheets.
