Subject: Label Notification per PRN 98-10 – Adding non-food indoor use site
Product Name: Ultra-Fresh DW-56 Biostat
EPA Registration Number: 10466-46
Application Date: November 24, 2014
Decision Number: 498547

Dear Ms. Laird:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please contact Elizabeth Watkins by phone at 703-347-0241, or via email at Watkins.Elizabeth@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Elizabeth H. Watkins" followed by a small flourish.

Seiichi Murasaki
Acting Product Manager 33
Regulatory Management Branch I

Ultra-Fresh DW-56

Biostat

NOTIFICATION

10466-46

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

01/21/2015

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Ultra-Fresh DW-56 is designed to control the growth of fungi, bacteria and algae in textiles; **on the surface of feather and down**; non-food contact aqueous coatings; polymeric materials such as fibres and films; non-food contact foams; adhesives; grout; mortar and mastics. **Ultra-Fresh DW-56** is to be used as directed in the accompanying Technical Data Sheet.

End-use treated articles incorporating this product may not make bacteriostatic or fungistatic claims, other than for preservation or protection of the treated article itself.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

EPA Reg. No. 10466-46
EPA Est. 81110-GBR-001

ACTIVE INGREDIENT

Zinc Omadine (Zinc, 2-pyridinethiol-1-oxide) 15%

Thiabendazole (2-(4-Thiazolyl)-1H-benzimidazole) 15%

INERT INGREDIENTS 70%

Total..... 100%

KEEP OUT OF REACH OF CHILDREN WARNING

PRECAUTIONARY STATEMENTS:

Hazard to humans and domestic animals. Causes substantial but temporary eye injury Harmful if swallowed. Harmful if absorbed. Avoid contact with eyes, skin or clothing. Wear coveralls worn over short-sleeved shirt and short pants, socks, chemical-resistant goggles, chemical-resistant footwear, and chemical-resistant gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gun, or using tobacco. Remove and wash contaminated clothing.

FIRST AID

If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If Swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If in Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For medical emergencies call your local poison control center.

STORAGE AND DISPOSAL

Prohibitions: Do not store or transport in unlined metal containers. Do not contaminate with strong oxidizing or reducing agents. Do not contaminate water, food or feed by storage or disposal or cleaning of equipment.

Pesticide Disposal: Pesticides are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal:

Plastic Containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose in sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

General: Consult Federal, State, or local disposal authorities for approved alternative procedures.

Technical Data Sheet

Ultra-Fresh DW-56 Biostat

Ultra-Fresh DW-56 is a suspension, ranging in colour from off-white to tan, designed to control the growth of fungi, bacteria and algae in water-based coatings,

Ultra-Fresh DW-56 will control the growth of microorganisms on textiles. The following examples of products (substrates) suitable for finishing with this product: Textiles such as: Wearing apparel – for example work-wear, uniforms, sportswear, slacks, shirts, underwear, sweatshirts, sweatpants, socks, oven mitts, slippers, bathrobes, gloves, hats, scarves, jackets, incontinence pad cover stock, washable incontinence briefs and panties.

Household products, for example, upholstery, polyurethane foams for furniture, curtains, wall coverings, mops, yarns, cords, non-food contact toweling and blankets, sheets, pillowcases. Synthetic fiber wipes, tissues, foams and sponges (non-food contact). Automotive, boat, train and airplane seats and seat coverings.

Outdoor textile applications include cotton and cotton/poly blend ducking for use in canvas and awnings.

Ultra-Fresh DW-56 can be used to treat filter media, polyester fiber for use in tow and cut, for pet and animal bedding, synthetic brooms, mops, non-food contact cleaning implements, mop yarns, air filter media, wall and window coverings and dust towels. **It can also be used on the surface of feather and down for fill in apparel and bedding.**

Applications in water-based emulsions for non-food contact applications including adhesives, grout, mortar, mastics, latex and latex coatings.

DIRECTIONS FOR USE

The application levels given below are representative of those found to be successful in practical applications. For each specific use, one or more trial runs are recommended in order to determine the optimum application method and level of addition for substrate being treated.

1. Aqueous coatings on limited textiles

Polyurethane, acrylic, PVC and latex coatings and compounds may be rendered resistant to the growth of microorganisms by the incorporation of **Ultra-Fresh DW-56**. **Ultra-Fresh DW-56** can be added directly to the liquid system prior to the drying/heating/crosslinking/curing stage at dosage levels of 0.2% to 0.7% on the final weight of the coating. For some applications, minor formulation adjustments may be required to control physical properties.

2. Aqueous Polymer Systems and Coatings

Ultra-Fresh DW-56 may be utilised in a wide range of water-based polymers, adhesives and resin coating systems for non-food contact applications. Add **Ultra-Fresh DW-56** directly to the polymer system such that the dosage is in the range of 0.2 - 0.4% on the total weight of the finished goods. Its unique formulation will impart strong antimicrobial properties to a wide range of outdoor applications, construction, specialist and industrial coatings.

This list is only intended to give examples of the types of usages that the **Ultra-Fresh** products have been shown to be effective. **Ultra-Fresh** products are only intended to confer antimicrobial protection to treated articles, not to protect the people who are using them. Contact your local distributor to confirm that the usage type desired is acceptable according to Federal and local government regulations.

PHYSICAL PROPERTIES

Colour & Appearance: Opaque off-white to brown liquid
Specific Gravity: 1.05 – 1.20
pH:..... 6.9 – 7.9

HANDLING PRECAUTIONS

Ultra-Fresh DW-56 should be handled with care and common sense that is accorded to all biologically active chemicals. In case of contact with skin, remove and launder contaminated clothing before reuse. Consult Material Safety Data Sheet for more information.

SPILL CLEAN-UP PROCEDURES

For small spills, absorb with sand, clay or other inert absorbent and place in clean, dry container for disposal. Large spills should be diked to prevent spreading. Pump spilled material to containers for salvage or disposal. Absorb the residual material as for small spills. Clean the spill area with detergent and water. This product is toxic to fish. Keep discharge from entering sewers, lakes, streams, ponds, estuaries or public water sources. Dispose of in accordance to regulations.

WASTE DISPOSAL PROCEDURES

Dispose of in accordance to regulations.

TOXICOLOGICAL INFORMATION

Corrosiveness To Skin (Test Species): Not Irritating

Corrosiveness to Eyes (Test Species): Severely Irritating

This Product Is: Not sensitizing

Acute Oral LD₅₀ (mg/kg): >2000 **Species:** Rat

FIRST AID

In Case of Eye Contact: Immediately flush eyes with copious amounts of water for at least 15 minutes while holding eyelids wide apart. Seek medical attention.

In Case of Skin Contact: Remove contaminated clothing immediately. Wash affected area with mild soap and water. If irritation persists seek medical attention. Wash contaminated clothing and equipment before reuse.

In Case of Inhalation: Move subject to fresh air. If discomfort persists seek medical attention.

In Case of Ingestion: If conscious have subject drink one glass of water. Never give anything to an unconscious or convulsing person. Do NOT induce vomiting. Seek immediate medical attention.

Note To Physician: Treat according to symptoms, no known specific antidote.
