

HDC PLUS is a balanced combination of two distinct quaternaries developed by chemical research and biological investigation to provide maximum germicidal activity, contains a non-ionic biodegradable synthetic detergent; organic chelating agents and synergizing builders along with a powerful deodorizer which provides a clean, refreshing odor quality—a most efficient product for heavy-duty cleaning, disinfecting and deodorizing in one labor-saving operation.

AS A BROAD-SPECTRUM DISINFECTANT—HDC PLUS is positively staphylocidal, pseudomonacidal and fungicidal to pathogenic fungi when used as directed. Because of its broad spectrum of killing powers, it is strongly recommended for hospitals, clinics, nursing homes, veterinary hospitals, school and other institutional use, where house-keeping is of prime importance in controlling cross-contamination. HDC PLUS diluted 2 oz./gallon provides over 700 ppm of an active germicide effective against a wide range of gram positive and gram negative bacteria. HDC PLUS has a phenol co-efficient of 61 (*S. typhosa*) and 44 (*S. aureus*).

AS A HEAVY-DUTY CLEANER—HDC PLUS has excellent wetting and penetrating properties providing rapid, efficient soil removal. Unlike harsh cleaners, HDC PLUS cleans without abrasives, free alkali, acids and solvents. It is a powerful "workhorse" for all types of washable hard surfaces, yet it is a "gentle giant". HDC PLUS turns its power on the soil, not the surface.

AS A POWERFUL DEODORIZER—HDC PLUS is highly effective as a deodorant. It penetrates and emulsifies odorous organic matter and destroys odor-producing bacteria, while at the same time imparting a clean, refreshing odor quality to the surrounding area.

## HEAVY DUTY CLEANER DISINFECTANT DEODORIZER

**WARNING:** Keep out of reach of children. See further precautions on side label.

**ACTIVE INGREDIENTS:**

N-alkyl (60% C14 30% C16 5% C12 5% C18)	
Dimethyl, benzyl, ammonium chloride . . . . .	2.25%
N-alkyl (50% C12 30% C14 17% C16 3% C18)	
Dimethyl, ethylbenzyl, ammonium chloride . . . . .	2.25%
Essential oils . . . . .	0.75%
Anhydrous sodium carbonate . . . . .	0.50%
Tetrasodiummethylene, diamine, tetraacetate . . . . .	0.40%
<b>INERT INGREDIENTS . . . . .</b>	<b>93.85%</b>
	<b>100.00%</b>

NET CONTENTS—55 GALLONS

**DIRECTIONS:**

Mix 2 oz. of HDC PLUS with one gallon of water. Apply solution with mop, sponge, cloth, scrubber or sprayer.

Remove solution and the entrapped soil with clean wet mop, sponge, cloth or wet vacuum pick-up.

**USES:**

HDC PLUS is intended primarily as a heavy-duty cleaner where disinfection and deodorizing are indicated. It is unexcelled for cleaning hard surfaces such as porcelain, tile, glass, stainless steel, chrome, vinyl linoleum, rubber, wood, asphalt tile floors, marble or terrazzo. It is excellent for maintaining conductive floors, may be used with hard or soft—hot or cold—water. It leaves the surface soil-free and film-free and therefore requires no cold water rinsing. This will result in significant labor savings.

**WARNING:**

Harmful if swallowed. Causes eye & skin irritation. Do not get in eyes, on skin, or on clothing. Avoid contamination of food.

**FIRST AID:**

In case of contact, flush skin or eyes with plenty of water for at least 15 minutes. For eyes get medical attention. If swallowed, drink milk, raw egg white, gelatin solution. If these are not available drink large quantities of water. Avoid alcohol. Call a physician immediately.

Rinse empty container thoroughly with water & discard it.
