

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, this product is registered under EPA Reg. No. 10548-2

DIRECTIONS: READ ENTIRE LABEL BEFORE USING.

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

CAUTION: Do not allow children in treated areas until surfaces are dry. Harmful if swallowed. Avoid inhalation and skin contact. Wash thoroughly after use. Do not contaminate water, food, dishes or utensils.

COCKROACHES, SILVERFISH, ANTS AND WATERBUGS: Adjust sprayer to deliver a jet needle spray and force spray into every crack and crevice in and around all cabinets and closets in home. Spray under and over shelves until there is a full rundown on walls. Spray under refrigerators, stoves and dishwashers. Spray exterior door frames and pipes entering home. Spray garage area thoroughly. This Roach Spray leaves an invisible residual killing film. Roaches crawling over the dried surfaces will be killed. Respray at 30 day intervals until existing eggs have hatched and roaches have been eliminated; then spray at 90 day intervals to keep the killing residual active and the roaches under control.

FLIES, SPIDERS & SCORPIONS: Spray around windows, doors, garbage containers and under eaves of home to control these pests.

FLEAS, CHIGGERS, AND BROWN DOG TICKS IN BUILDINGS: Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of pets, and localized areas of floors. Respray as needed.

CAUTION NOTE: Do not spray animals.

REMOVE PETS before spraying. Avoid excessive wetting of asphalt tile or siding; rubber and plastic materials. Do not reuse container. Destroy when empty. Do not spray vegetation.
