

# BULK YIELD-POWR FERTILIZER WITH SYSTEMIC

CONTAINS 0.75% DI-SYSTON ®

ACCEPTED  
Oct 6, 1970  
10554-4

### GUARANTEED ANALYSIS AS PLANT FOOD

Total Nitrogen .....	.....%
Available Phosphoric Acid .....	.....%
Soluble Potash .....	.....%
Total Sulfur .....	.....%

U.S.D.A. Reg. No.  
10554-4

### STATEMENT OF INGREDIENTS FOR INSECT CONTROL

<b>ACTIVE INGREDIENTS:</b>	
O, O-Diethyl S-[2-(ethylthio) ethyl] phosphorodithioatef .....	0.75 %
<b>INERT INGREDIENTS</b>	
Fertilizer Materials .....	99.25 %
	100.0 %

†U. S. Patent No. 2,759,010

### FOR CONTROL OF:

Aphids (greenbugs) and mites in Wheat. **DO NOT APPLY OVER 100 LBS. PER ACRE. DO NOT GRAZE TREATED FIELDS.**

### DIRECTIONS FOR USE:

Di-Syston is a systemic insecticide that enters the plant through the root system. The insecticide, when placed or washed into the soil so as to reach the roots, is picked up and moved in the sap stream to all parts of the plant where it kills insects as they feed on the plant. The plant will also absorb Di-Syston through contact with the foliage surface.

**IMPORTANT:** Moisture or rainfall or irrigation should follow within 10 days if possible after application for maximum results.

**WHEAT:** Apply 100 pounds per acre (not to exceed 200 lbs. per acre) as a broadcast topdress application and time after crop is well established for control of aphids. Do not apply to wet soil. When applied as topdress do not apply more than once per crop season. Do not apply in the treatment area of Oklahoma, Texas and South Dakota. Do not apply within 45 days of harvest. **IMPORTANT:** Treatment is a one-time application.

**DANGER - POISON**  
KEEP OUT OF REACH OF CHILDREN

Personna may occur as a result of exposure. May be fatal if swallowed. May be absorbed through the skin. Do not breathe dust. Avoid contact with skin, eyes, or clothing. Do not contaminate food or feed. Wash thoroughly after handling. Not for use or storage in or around the home.

**CAUTION:** This product is toxic to fish and wildlife birds. Do not apply to water. Keep out of any body of water. Do not apply where runoff is likely to occur. Apply this product only as directed on the label.

**TO PHYSICIAN:** Atropine, Diphenhydramine (BENADRYL), also marketed and available, administered in combination with atropine.

### NON WARRANTY

**Notice to Buyer:** Seller makes no warranty, of any kind, expressed or implied, as to the use of this product other than indicated on the label. Buyer assumes all risk for use or handling of this product in strict accordance with directions given herewith.
