ACCEPTED

1-13-70

UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON REGISTERED
UNDER 10588-2

IMPORTANT - USE AS DIRECTED

TO OPERATE - Remove cap and press valve button with
finger tip.

Wetting by direct spraying with NEO LARVEX kills
clothes moths and carpet beetles, their eggs and larvae.
One thorough application of NEO LARVEX to woolens
before storage will guard against moth damage for at
least 12 months when used as directed.

MOTHPROOFING - Clean and brush woolen articles, re-
moving persistent spots and stains by dry cleaning.
Spray each article evenly from approximately 18 inches
distance until the surface is thoroughly moistened. Avoid
over-spraying and excessive application. Pay particular
attention to folds, seams, cuffs, etc. and spray on both
sides whenever possible. For maximum protection, spray
interiors of closets or containers before storing treated
articles. Air mothproofed article before using.

Repeat application if fabrics are washed or dry cleaned.

Flying moths and carpet beetles are killed by spraying
directly. Spray all folds and crevices where insects tend
to hide and spray directly as they emerge.

WARNING

Avoid wetting fingers at nozzle as contact with
propellant can cause frostbite. Harmful if swallowed.
Avoid contact with skin. Avoid breathing spray
mist. In case of wetting of skin, wash with soap
and water.

Contents of this can are under pressure. Do not
store in sunlight. Do not use or store near heat
or open flame. Do not puncture container or
throw into fire. Do not use on humans, animals,
food and food utensils. Remove bird cages and
fish bowls from room before spraying. Do not
smoke while spraying. Do not spray on plastics
or asphalt tile.
