

**ALGAE ANNIHILATOR** is a very potent granular product for all types of algae. It is especially effective against black algae because the product can be applied directly to the algae, which normally appears in the form of black spots.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

1. Adjust pH to 7.2-7.8 (preferably 7.6) by adding Pool Doctor SODA ASH\* or DRY ACID\* if needed.
2. Add **ALGAE ANNIHILATOR** directly to algae spots, add enough to completely cover the spots. If applied to wall or on slope, place product in cloth or spare sock and suspend by string against spot. Do not add to swimmer.
3. Brush spots after product has dissolved (approximately 24 hours later) with emery or other stiff brush on the end of a long pool handle.

**IMPORTANT NOTES**

1. Use only on white plaster pool surfaces. If used on any other color surfaces, leaching or material damage may occur. Do not use on vinyl liner.
2. Where algae spots are widespread, broadcast up to 1 lb/7-10,000 gal. on capacity over affected area.
3. If algae spots are near a water inlet to pool, it may be necessary to shut off the pump during addition and dissolving of **ALGAE ANNIHILATOR** for effective treatment.
4. Do not allow swimmers in pool until granules have completely dissolved and chlorine level is below 1.0. \*Do not use on vinyl liner.

**STORAGE AND DISPOSAL:** Keep product dry in tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container, if possible, and flood with large amounts of water to dissolve all material before discarding. Place in trash collection or dispose in approved landfill area in conformity with a safe place.

**NOTE:** This product is sold by weight. Settlement may occur during storage and handling.

# Algae Annihilator

ESPECIALLY EFFECTIVE AGAINST  
BLACK AND BROWN ALGAE

**DANGER KEEP OUT OF REACH OF CHILDREN**

**(FIRST AID) PRACTICAL TREATMENT:** If swallowed, feed bread soaked in milk followed by olive oil or cooking oil. Call a physician immediately. If on skin, brush off residue then flush with cool water for at least 15 minutes. If in eyes, get medical attention. If in eyes, flush with cool water for at least 15 minutes. Get medical attention.

Active Ingredient:  
Tri-chloro-S-triazinetrione 99.2  
INERT INGREDIENTS: 0.8

AVAILABLE CHLORINE: 1.00

NET WT. 2 LBS.

**PRECAUTIONARY STATEMENTS:  
HAZARDS TO HUMANS AND  
DOMESTIC ANIMALS**

**DANGER:** Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES Permit. For guidance contact the regional office of EPA.

**PHYSICAL AND CHEMICAL HAZARDS — STRONG OXIDIZING AGENT:** Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well-ventilated area. Flood with large volumes of water, if necessary.

World Industries International, Inc. warrants that this product is reasonably fit for intended use and that it contains the ingredients on the label in the specified amount. Since use conditions are beyond the control of World Industries International, Inc., liability is limited to a replacement of the product or refund of the purchase price.
