

PRECAUTIONARY STATEMENTS

Hazardous to Humans and Domestic Animals.

DANGER

Keep out of reach of children. Corrosive. May be fatal if swallowed. Causes severe eye damage and severe skin irritation, especially on broken skin. Do not get in eyes, on skin, on clothing. Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food. Wash thoroughly after handling.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public waters unless in accordance with a NPDES permit. For guidance, contact your Regional Office of the Environmental Protection Agency.

STORAGE AND DISPOSAL

1. PROHIBITIONS

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. If plastic, do not reuse empty container.

2. STORAGE

Do not stack more than 3 containers high. Leaking or damaged containers should be placed in overpack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.

3. PESTICIDE DISPOSAL

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

4. CONTAINER DISPOSAL

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

5. GENERAL

Consult federal, state or local disposal authorities for approved alternative procedures.

NO-ALG

Cooling Tower Algicide-Slimicide

ACTIVE INGREDIENT

Di-Alky (50% C₁₂H₂₅Cl, 40% C₁₀H₁₉Cl)
dimethyl benzyl ammonium chloride 100%

KEEP OUT OF REACH OF CHILDREN.

DANGER

STATEMENT OF PRACTICAL TREATMENT

SKIN AND EYES:

In case of contact, immediately flush eyes with plenty of water at least 15 minutes; call a physician immediately. Wash skin thoroughly with soap and water. Remove and launder contaminated clothing before re-wearing.

INGESTION:

If swallowed, and victim is conscious, give two glasses of water to drink and call a physician immediately.

NOTE TO PHYSICIAN: Acute effects may include mucosal damage, severe laryngeal edema, and shock associated with corrosive agents. Alcohol can increase toxic effects. Delayed effects may include life-threatening respiratory paralysis and convulsions.

Net Contents: 5 Gallons

DIRECTIONS FOR USE

GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

No-Alg is used to control the growth of algae and slime forming microorganisms in recirculating commercial and industrial cooling tower systems.

1. Initial Dose: To a clean system with no visible algae or microbial slime, add 0.6 gallons (4.8 pints) of No-Alg per 1000 gallons of cooling water. If algae or microbial slime are visible, add 1.2 gallons (9.6 pints) of No-Alg per 1000 gallons of water. Repeat until control is achieved. Badly fouled systems must be cleaned before beginning treatment.

2. Maintenance Doses in Towers with Continuous Feed Equipment: After adding the first dose and achieving control, maintain a level of 10 ppm of active ingredient by adding No-Alg continuously at a rate of 0.2 gallons (1.6 pints) per 1000 gallons of "bleed-off". If algae or slime begin to grow, add a "slug dose" of 0.6 gallons (4.8 pints) of No-Alg per 1000 gallons of cooling water. Follow the "slug dose" by maintaining a level of 10 ppm active ingredient.

3. Maintenance Dose in Towers Without Continuous Feed Equipment: After adding the initial dose and achieving control, add 0.2 to 0.6 gallons of No-Alg per 1000 gallons of cooling water once weekly or more often to prevent the growth of algae or slime. If growth occurs, add a "slug dose" of 0.6 to 1.2 gallons of No-Alg per 1000 gallons of cooling water and then maintain a level of 10 ppm of active ingredient.

Note: No-Alg must be added at a point in the cooling system where it can mix uniformly into the circulating water.

Suhm makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

Completion:

Subject: No-All
EPA Registration No. 100-00-1
Application dated January 30, 1980

The amendment referred to above, submitted in connection with registration under FIFRA, is acceptable provided that you:

1. Make the labeling changes listed below, and release the product for shipment bearing the amended labeling.
 - a. Revise the statement "Hazardous to Marine and Aquatic Animals" to read:

Hazardous to Marine and Aquatic Animals.
 - b. Revise the statement:
"May be fatal if swallowed. Causes severe eye damage and severe skin irritation, especially on broken skin."
to read:

Causes severe eye and skin damage. May be fatal if swallowed.
 - c. For consistency, revise the total percentage to read 100.00%
2. Submit five (5) copies of your final printed labeling to EPA before you release the product for shipment. Refer to the 4-79 Factbook for a further description of final printed labeling.
