DANGER

Harmful if swallowed. May cause burns or damage to the eyes. If contact with eyes occurs, flush with plenty of water for 15 minutes and get medical attention. If contact with skin occurs flush with water. Avoid contamination of food.

DIRECTIONS FOR USE:

It is a violation of a federal law to use this product in a manner inconsistant with its labeling.

Alpha San 100 is a cleaner, sanitizer, and disinfectant and is recommended for use in the food, dairy and beverage industries.

SANITIZATION:

Prior to sanitization, clean surface to be sanitized with a suitable detergent and rinse with potable water to remove all soil and milk solids. Prepare a 100 ppm solution by dissolving 1 oz. Alph San 100 in 2 gallons of water. Place dishes, glasses, equipment or utensils in the solution or spread it over the surface to be sanitized, allowing a contact time of atleast one minute. Allow to air dry. Do not rinse with potable water before reuse. Prepare a fresh solution daily or more frequently as soil is apparent.

DISINFECTION:

When using Alpha San 100 at concentrations above 100 ppm, rinse with potable water before disinfected surfaces come into contact with food.
