

Cross-infection is of major housekeeping concern not only in hospitals, but in schools, institutions, and industry. ALPHA BAC100 is formulated for this problem area. It both cleans and disinfects effectively when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-infection.

Two ounces of ALPHA BAC100 per gallon of water will deodorize bathrooms, garbage storage areas, and other areas where bacterial growth can cause mal odors.

DANGER

Keep out of reach of children. Causes severe eye and skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water. Avoid alcohol. Call a physician immediately.

DANGER
KEEP OUT OF REACH OF CHILDREN
 See side panel for additional precautions

Cleaner—Disinfectant—Deodorizer—Fungicide
 for Hospital and Institutional Use

ALPHA BAC100

AOAC Phenol Coefficients

Staph. aureus (ATCC No. 6538)	100
Salmonella typhose (ATCC No. 6539)	50

Active Ingredients

Dihydrodimethyl ammonium chloride..... 4.5%

Inert Ingredients.....95.5%

Contains Tetrasodium ethylenediamine tetraacetate

EPA Est. No. 10634-MA-1
 Net Content: ONE U.S. GALLON EPA Registration No. 10634-9

MANUFACTURED BY
 ALFONSO MEDICAL SERVICES, INC. - SIBERSHILL, MASS.

USE DIRECTIONS:

Apply ALPHA BAC100 to walls, floors and chairs and bed frames with a cloth or mop. Heavy cleaning may be required.

For Hospitals & Nursing Homes: Add two ounces

At two ounces per gallon use-level, ALPHA BAC100 is effective against *Bacterium aeruginosa*, *Staphylococcus aureus*, *Salmonella coli*, and pathogenic fungi. Germicidal performance has been confirmed by the AOAC tests. Performance was determined against *T. interdigit*

For Schools, Institutional and Industrial Use: Add one ounce per gallon use-level.

At one ounce per gallon use-level, ALPHA BAC100 is germicidal. It is effective against *Staphylococcus aureus*, *Escherichia coli*, and *Trichophyton* fungus. The same AOAC tests used above to determine performance in hospitals were used.

Rinse empty container with water before disposal.
