NOTICE OF PESTICIDE: REGISTRATION
 REREГИSTRATION
Under the Federal Insecticide, Fungicide and Rodenticide Act, as amended.

NAME AND ADDRESS OF REGISTRANT (Include ZIP code.)

$$\begin{array}{r} 161 \overline{) 133100} \\ 181 \end{array}$$

NOTE Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

STOUGHTON, MASSACHUSETTS 02072

ON LIVESTOCK To protect cattle and horses from house flies, mosquitoes and gnats, apply sufficient to wet the surface of the hair. For flies, horse flies and deer flies, apply ounce per adult cow or horse, sufficient thorough. Repeat treatment daily or as needed to give continued protection.

To control blood-sucking lice, apply to the base of the animal, using a stiff brush to get base of the hair. Repeat every 2 to 3 weeks.

ON PETS Start spraying at the tail, moving rapidly and making sure that the animal's body is covered, including the legs and underbody. Fluff the hair so that the spray will penetrate. Make sure spray wets thoroughly. Do not spray face. Avoid contact with genitalia. Repeat as needed.

OUTDOOR APPLICATION

ADULT MOSQUITO CONTROL. Apply as a fine mist to treat the entire area. For best results, wind velocity does not exceed 5 miles per hour. Apply in brushy or vegetated areas where mosquitoes breed, such as marshy places, stagnant pools or ponds. Apply at a rate of 2.5 pints per acre (6,250 square feet).

Using truck-mounted conventional misting equipment (models 510, 91 or 100) travel at 300 feet swath calibrate equipment to apply 2.5 gallons per minute.

DISPOSAL

Do not reuse empty container. Wrap container for trash collection.

PRECAUTIONARY STATEMENT HAZARDS TO HUMANS & DOMESTIC ANIMALS CAUTION

Harmful if swallowed. Avoid contamination of clothing. Remove pets, birds and cover fish tanks before spraying.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed Drink one or two glasses of water, inducing vomiting by touching the back of the throat. Repeat until vomit fluid is clear. Call physician immediately. Do not induce vomiting or force food or drink into an unconscious person.

If Inhaled Remove victim to fresh air. Call physician if indicated.

If on Skin Remove contaminated clothing. Wash affected areas with soap and water.

If in Eyes Flush eyes with plenty of water. Call physician if irritation persists.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply to lakes, ponds, streams, tidal marshes or other bodies of water by cleaning of equipment or disposal.

Do not use in all risks of use. Storage of this product not in strict accordance with directions hereon.
