SPRAY INSECTICIDE

# BUG-KILL

## Insect Killer

U.S.D.A. Reg. No. 10660-1

### CAUTION

Keep out of reach of children  
Read precautions on back of can

CHEMICAL  
CORPORATION

### DIRECTIONS

Remove metal cap. Hold dispenser 3 to 6 inches from surface. Aim nozzle at infested area and press valve to release spray. Move across surface at rate of 1 or 2 ft. per second, leaving wet coating. Spray baseboards, cracks, storage areas, other hiding places. Spray ant trails, areas around door sills and window frames, also damp spots and wall openings. Repeat as needed. For surface use only. Do Not Spray into the Air.

### ROACH and ANT KILLER

**Roaches, Ants, Waterbugs, Silverfish, Spiders, Crickets:** Spray heavily into all cracks, around baseboards and other places where these insects hide. Also, spray until wet surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

**Carpet Beetles:** Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks, or closets and infested areas of shelvings. Repeat as necessary.

**Brown Dog Ticks:** Thoroughly spray infested areas around baseboards, windows and door frames, wall cracks sleeping quarters of household pets and localized areas of floors and floor coverings. Application should be repeated as infestations warrant, and as re-infestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.

**Flies, Mosquitoes, Wasps and Flying Moths Outdoors:** For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

**Fleas, Chiggers, Ants and Brown Dog Tickets Outdoors:** For treatment of localized infestations of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as reinfestations occur.

### CAUTION

Harmful if swallowed. Keep out of reach of children. Avoid prolonged inhalation and skin contact. Wash thoroughly after using. Do not use on household pets or humans. Do not use near fire or open flame. Keep container tightly closed. Avoid contamination of feed and foodstuffs. Do not use in edible products areas of food processing plants.

Store upright in cool place (not over 120° F.) Do not puncture or throw container in fire or incinerator. Asphalt tile, some linoleum, certain plastic materials and wallpapers may tend to discolor, streak or soften when wet with insecticides. Test on small inconspicuous area before spraying or wetting such materials.

### Active Ingredients:

Pyrethrins	0.060%
*Technical piperonyl Butoxide	0.100%
N-octyl bicycloheptene dicarboximide	0.170%
O,O-Diethyl 0-(2-Isopropyl-6-methyl-4-pyrimidinyl) Phosphorothioate	0.500%
Petroleum Distillate	74.170%

### Inert Ingredients

Dichlorodifluoromethane	25.000%
*Equivalent to 0.08% of (butylcarbityl) (6-propylpiperonyl) ether and 0.02% of related compounds.
