HALT!

T.M.

HALT is a cleaner, disinfectant and sanitizer designed for general household and industrial cleaning. When used as directed, HALT will deodorize those areas which generally are hard to keep fresh-smelling, such as GARBAGE PAILS, SINK TOPS, and BATHROOM AREAS which are prone to odors caused by the growth of some microorganisms.

WARNING

Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, do not induce vomiting. Drink large quantities of fluid, and call a physician immediately.

SENTRY CHEMICAL COMPANY • P. O. BOX 28895 • ATLANTA, GA. 30328

USE DIRECTIONS:

Use at 2 ounces per gallon. This product will provide 500 ppm quaternary to the use solution. This is enough for general disinfection, fungicidal activity against pathogenic fungi and deodorizing. If a pseudomonicidal product is required, then 3 ounces per gallon will be required.

For best results, use HALT with a cloth or mop and apply to walls, floors and other hard surfaces. If used on food equipment or other food contact items, limit the level to 200 ppm of quaternaries.

Rinse empty container thoroughly with water and discard it.
