BEST AVAILABLE COPY

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

DEVASTATE

Professional Strength

Ready to Use Spray - Residually Kills: Roaches, Ants, Ticks, Fleas, and other listed insects.

For Use In Homes and Food and Non-Food Areas of Kennels, Commercial Buildings, Warehouses, Theatres, Office Buildings, Schools, Motels, Hotels, Restaurants and Food Processing Facilities.

ACTIVE INGREDIENTS

d-trans Allethrin (allyl homolog of Cinerin I)	0.050%
Related compounds	0.004%
N-Octyl bicycloheptene dicarboximide	0.400%
Chlorpyrifos (0,0-diethyl 0-(3,5,6-trichloro 2-pyridyl) phosphorothioate)	0.500%
INERT INGREDIENTS	99.046%
	100.000%

IMGK-264, Insecticide Synergist

U.S. Patent No. 3,244,586 - Dow Chemical Company

CAUTION

KEEP OUT OF REACH OF CHILDREN

PRACTICAL TREATMENT

IF IN EYES	Flush with plenty of water. Get medical attention if irritation persists.
IF ON SKIN OR CLOTHING	Remove contaminated clothing. Wash skin with soap and warm water. Get medical attention if irritation persists.
IF INHALED	Remove to fresh air if effects occur, and call a Physician.
IF SWALLOWED	Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Call a physician.

ACCEPTED

APR 20 1984

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pest(s) listed on the label.

FOR SPOT TREATMENT

To Kill Cockroaches, Ants, Crickets, Silverfish, Spiders and Scorpions: Spray areas where these pests are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators and cabinets and around garbage cans, plumbing and utility installations. Pests driven out of hiding places should be sprayed directly. For ants apply to ant trails, also around doors and windows and wherever else these pests may enter. Repeat as necessary.

To Kill Brown Dog Ticks and Fleas: Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and beneath baseboards, window and door frames and localized areas of floor and floor coverings where these pests may be present. Old bedding should be removed and replaced with clean, fresh bedding after treatment. **Do Not Spray Pets With This Product.**

FOR CRACK AND CREVICE - apply as follows:

To Kill Ants, Roaches, Crickets, Silverfish, Scorpions, Spiders, Earwigs, Brown Dog Ticks, Fleas, Carpet Beetles and Dermestids: Apply diluted spray in small amounts directly into cracks and crevices. Equipment capable of delivering a pin stream should be used in positions between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where the above listed insects hide.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE AND SPOT TREATMENT ARE NOT PERMITTED.

Fleas and Mosquitoes: Use only out of doors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these pests may enter the home. Also spray dark corners and localized resting areas (such as under eaves) or porches, patios and garages where these insects may congregate. Fleas and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when necessary.

Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION

May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. In case of contact immediately flush skin and eyes with plenty of water. Wash thoroughly with soap and water after handling. If poisoning occurs, get prompt medical aid.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine, by injection, is antidote of choice.

Do not apply when food processing is underway. In the home do not spray food handling surfaces.

Remove pets, birds and cover fish aquariums before spraying. Do not allow children or pets to contact treated surface until spray has dried.

Physical Hazards

Do not use or store near heat or open flame.

DIRECTIONS FOR USE

SHAKE WELL BEFORE USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Storage: Store in a cool dry area away from heat or open flame.

Disposal: Do not reuse empty container. Wrap container and put in trash collection.

General: Use this insecticide as a spot or crack and crevice treatment to control cockroaches, waterbugs, silverfish, ticks, fleas and other insects listed. Apply this product as a coarse spray to localized areas where pests are found or may occur. Spray surfaces until wet. Repeat as needed.
