Subject: Moss-B-Ware
EPA Reg. No. 10699-1
Label Notification per PRN 98-10

Dear Ms. Horton,

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for Moss-B-Ware (EPA Reg. No. 10699-1) dated August 9, 2011. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please contact Emily Hartman by phone at (703) 347-0189 or via email at hartman.emily@epa.gov.

Sincerely,

Kathryn V. Montague, Project Manager 23

NOTIFICATION

SEP 13 2011

Keep Out of Reach of Children
DANGER
 (See back panel for additional precautionary and first aid statements.)

**NET WEIGHT 3 LBS. (1.3 kg.), 3.75 LBS. (1.7 kg.), 5.5 LBS. (2.49 kg.),
 12 LBS. (5.44 kg.) Contains 4-3LB Canisters
 11 LBS. (4.98 kg.) Contains 2-5.5 lb. Containers**

Damaging moss can grow almost anywhere it's cool and damp. Destroying and preventing moss can extend the life of roofs, and improve the condition of patios and walkways. MOSS-B-WARE® won't stain roofs or corrode aluminum and galvanized gutters, when used as directed. And if applied from this shaker container, no other equipment is necessary.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

WHEN TO MOSS-B-WARE

MOSS-B-WARE® can be used any time of the year as an effective moss killer and preventative. For best results, apply during rainy seasons – this is when moss grows most rapidly. You should see the dying moss changing color within 3 to 4 weeks. Light to average moss growth on pitched roofs should slowly wash away with the rain. If the growth is heavy or on flat areas, you may need to physically remove the dead moss.

HOW TO MOSS-B-WARE

You can shake it on directly or dissolve in water. Just use the method below that best suits your needs.

Do not allow spray or dust to drift from the application site and contact people, nontarget structures people occupy at any time and associated property, parks and recreation areas, nontarget crops, aquatic and wetland areas, woodlands, pastures, range-lands, or animals. Apply only when wind speed is not more than 10 mph. For sprays, apply largest droplets possible.

TO KILL EXISTING MOSS...

Pitched roofs that can be walked upon, such as composition, wood shingles, or shakes can most easily be treated by shaking MOSS-B-WARE® directly from the container along the ridge of the roof. Rains can then wash MOSS-B-WARE® down through lower moss patches. Apply 3 lbs. for 600 square feet [1 lb. for 200 square feet] of treatment area.

Rock, gravel, flat roofs and roofs that cannot be walked upon should be treated with a liquid application, using a sprinkling can or any type of pump-up sprayer. Slowly add contents of this container to 5 to 10 gallons of water, stirring until completely dissolved. Single mixture will cover 600 square feet of roofing and will usually control moss for two years. [Slowly add 1 lb. to 1½ to 3½ gallons of water, stirring until completely dissolved. Single mixture will cover 200 square feet of roofing and will usually control moss for two years.]

Patios and walkways are most effectively treated with sprinkling can or pump-up sprayer application. Dead moss can just be swept away. Mix contents of this container in 5 gallons of water and apply to 600 square feet of area. [Mix 1 lb. in 1½ gallons of water and apply to 200 square feet of area.] Annual applications may be necessary.

TO PREVENT MOSS GROWTH...

Use MOSS-B-WARE® to stop moss before it starts. Just follow the directions for killing existing moss. For prevention only, use at a rate of one pound per 1,000 square feet. This may require annual treatment.

USE PRECAUTIONS...

- Do not apply MOSS-B-WARE® if building has copper gutters or downspouts, as copper may be corroded.
- Apply on a calm day.
- If MOSS-B-WARE® comes into contact with shrubs, flowers, or lawn, rinse off with garden hose immediately.
- Do not over apply. Excess run-off may damage plants or ornamentals.
- Avoid slippery wet roofs – apply when dry.

**PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS AND DOMESTIC ANIMALS**

DANGER: Corrosive. Causes irreversible eye damage. Harmful if swallowed, absorbed through skin or inhaled. Do not get in eyes or on clothing. Avoid contact with skin. Avoid breathing dust or spray mist. Wear goggles or face shield. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Do not allow persons or pets in treated areas until dusts have settled or sprays have dried.

FIRST AID	
IF IN EYES	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF SWALLOWED	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center (NPIC) at 1-800-858-7378.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARD: This product is toxic to fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters. Apply this product only as specified on label.

STORAGE & DISPOSAL

PESTICIDE STORAGE: Store in a dry, locked location, in original container and not accessible to children or pets. Avoid contamination of feed and food stuffs.

PESTICIDE DISPOSAL: If partly filled: Call you local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

CONTAINER DISPOSAL: If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

NOTICE: To the extent consistent with applicable law, seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. To the extent consistent with applicable law, buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
