

U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (WH-567) WASHINGTON, D.C. 20460	EPA REGISTRATION NO.	DATE OF ISSUANCE
	TERM OF ISSUANCE	December 7, 1984
	NAME OF PESTICIDE PRODUCT Maggard 70-0-1	

NOTICE OF PESTICIDE: REGISTRATION
 REREГИSTRATION
 (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Maggard Corporation
 11805 S. Bloomfield Avenue
 Santa Fe Springs, CA 90670

1277-21 PMS 1053
 COPY

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This registration notice is being issued in accordance with Section 6(c)(1)(A) of the FIFRA subject to the following conditions.

(1) It is understood that you will submit and/or cite all data required for registration or re-registration of your product under Section 6(c)(5) of the FIFRA when the Agency requires all registrants of similar products to submit such data.

(2) You will submit five copies of your finished printed labels complying with the requirements or revisions specified in the attachment to this registration notice.

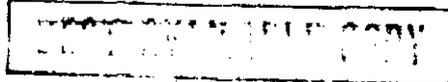

A stamped copy of the draft label is enclosed for your records. Your release of the product for shipment constitutes acceptance of these conditions. If the conditions are not complied with, the registration will be subject to cancellation in accordance with Section 6(e) of the FIFRA.

ATTACHMENT TO THE REGISTRATION NOTICE

EPA Registration No. 10707-21

Date Issued December 7, 1984

Company Name: Magna Corporation

Product Name: Magnacide C-1

The following requirements or revisions apply to the label which was accepted with this registration notice:

- (1) The registration number which has been assigned to this product must appear on the label as EPA Reg. No. 10707-21.
- (2) Since the minimum purity that can be guaranteed for this product is 24.5% the ingredient statement must be declared as follows:

Active Ingredient
 Sodium Chlorite 24.5%
 Inert Ingredients 75.5%

- (3) Revise the precautionary statements as follows:

Causes severe eye irritation. May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield when handling. Remove and wash contaminated clothing. Irritating to nose and throat. Do not breathe fumes. Avoid contamination of food.
- (4) Revise the pesticide disposal section as follows:

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
- (5) Delete "or bury in a safe place" from the container disposal section.
- (6) The labels which will be used for this product in channels of trade must reflect these revisions.
- (7) Five copies of the finished printed labels, as defined in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PR Notice 82-2 of June 18, 1982.
- (8) The finished printed labels must comply with the general labeling requirements of Section 162.10 of Title 40 of the Code of Federal Regulations. Failure to do so may result in rejection of the labels.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

KEEP OUT OF REACH OF CHILDREN

CAUSES EYE AND SKIN IRRITATION. DO NOT GET IN EYES, ON SKIN, OR ON CLOTHING. Wear goggles or face shield and neoprene gloves when handling. Remove and wash contaminated clothing. Irritating to nose and throat. Do not breath fumes. May be fatal if swallowed. Avoid contamination of food.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife. Do not apply in marine and/or estuarine oil fields. Do not discharge into lakes, streams, ponds or public waters unless in accordance with a NPDES permit. For guidance, contact your Regional Office of the Environmental Protection Agency. Do not contaminate waters by cleaning of equipment or disposal of wastes.

STATEMENT OF PRACTICAL TREATMENT

FIRST AID:

In case of contact with eyes or skin, immediately flush eyes or skin with plenty of water for at least 15 minutes. Call a physician. If swallowed give large amounts of water. Call a physician.

CHEMICAL HAZARDS:

Magnacide C-1 is a strong oxidizing agent. Mix only with water. Do not contaminate with organic or inorganic material. Organic or inorganic contamination may cause a chemical reaction with the liberation of heat, poisonous gases, and possible fire and explosion.

STORAGE AND HANDLING:

Keep container closed when not in use. Do not reuse empty container. Store in a cool, dry, ventilated area, away from heat, sparks, and open flames.

STORAGE AND DISPOSAL:

1. Prohibitions - Do not contaminate water, food, or soil. Open dumping is prohibited.
2. Pesticide Disposal - Pesticide, spray mixture, or container or chemically processed should be disposed of in accordance with local, state, or federal regulations. Do not incinerate or bury in a safe place away from water sources.
3. Container Disposal - (a) Reseal container and offer for recycling. (b) Triple rinse (or equivalent) and: Offer for recycling, or disposal in approved landfill, or bury in a safe place.
4. General - Consult Federal, State or Local disposal regulations for alternative procedures.

DIRECTIONS FOR USE

It is a violation of federal law to use this pesticide in a manner inconsistent with its label. This material should only be applied in accordance with the label. Bulletin C-1 under the supervision of trained personnel.

Continuous Treatment - Excellent control of microorganisms is secured with Magnacide C-1 by continuous treatment with 10 ppm chlorine dioxide. The specific rates depend on the type and prevalence of organisms present.

Batch Treatment - Magnacide C-1 can also be applied to maintain a clean and trouble free system. The frequency of batch treatment depends on the type of system and the rate which govern the growth of particular bacteria.

The recommended level for initial treatments is a concentration of chlorine dioxide throughout the system for a duration between treatments may vary from 1 to 7 days, depending on the equipment and severity of the problem. After the initial treatment levels can often be reduced. This is according to application time, frequency, or the amount of Magnacide C-1.
