PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage. Fatal if swallowed. Do not get in eyes, skin or on clothing. Avoid breathing vapor. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Handlers must wear long-sleeved shirt, long pants, shoes, socks, goggles or face shield, and chemical resistant gloves such as or made out of any waterproof material.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE - Keep away from heat and flame.

FIRST AID	
Call poison control center or doctor immediately for treatment advice. Have the product container or label with you when calling a poison control center doctor, or going for treatment.	
IF IN EYES	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
IF ON SKIN OR CLOTHING	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.
IF SWALLOWED	<ul style="list-style-type: none"> Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF INHALED	<ul style="list-style-type: none"> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

It is a violation of Federal law to use this product in a manner inconsistent with the label. For use with closed systems...

X-CIDE® 402 Industrial Bactericide is used for control of anaerobic types of bacteria in industrial water systems with water injection systems, systems where the effluent is discharged to municipal water systems.

X-CIDE® 402 Industrial Bactericide is used for control of so-called "iron bacteria" in industrial water systems. It is effective in controlling the growth of these bacteria, which are responsible for producing large amounts of sludge. Treatment dosages may vary from 1/4 pint per 1000 gallons of water. As a corrosion inhibitor, X-CIDE® 402 is a bactericide in preventing...
