- e. Immediately under the directions for use add the following statement:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

3. Prior to marketing complete and submit an appropriate Certification Statement for the pending application. The publication and promulgation of regulations on Conditional Registration and Compensation for the Use of Data (Federal Register, May 11, 1979) necessitates these revised statements from those issued under PR Notice 78-5. This was discussed with your contact person Cynthia A. Lewis on the telephone December 6, 1982, by Steve Palmateer, a member of my staff.

4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
