NET WT. 4.70 OUNCES

REG. NO.

**GENERAL PRODUCTS**

Automotive Blvd.

Birmingham 33732

**FOLLOW DATA CAREFULLY**

**MILDU-PAC does not absorb water and requires no heating or handling whatever. No fuss nor bother from the time the bag is hung in the closet to the time it is empty and you replace it with a fresh bag.**

**Do not hold bag to your nose or eyes, the fumes will cause your eyes and nose to smart.**

**Should the fumes get too strong for you, just leave closet door open for a few hours. Garments exposed to MILDU-PAC should be thoroughly dry before hung in closet or placed in drawer.**

**HANG**

**HERE**

**Air out closet and remove bag of MILDU-PAC before working in the area.**

**The odor of MILDU-PAC will not cling to any garment or material, nor will the odor effect or damage any material.**

**What is it?**

**MILDU-PAC is a crystalline chemical resulting from extensive research. This product, when used as directed will prevent damage resulting from mildew and mold.**

**How does it work?**

**A vaporizing chemical issues from the bag and this gas prevents mildew damage and moldy odors.**

**Directions & Warning Inside**

**ACCEPTED**

## DIRECTIONS

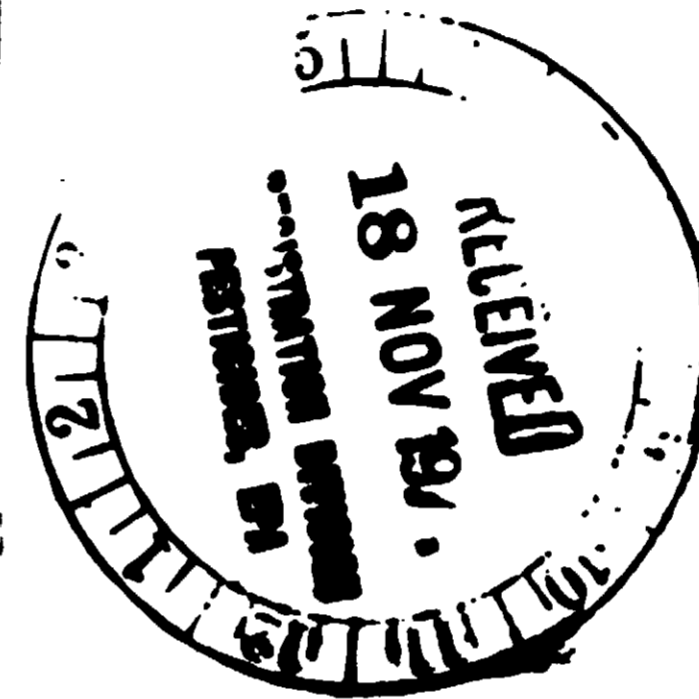

Hang MILDU-PAC in closet, on shelf or in a drawer. Contents of the MILDU-PAC will treat up to 756 cu. ft. For best results place MILDU-PAC at highest point in area to be protected, since MILDU-PAC fumes are heavier than air. MILDU-PAC quickly and effectively rids all areas of mildew, and musty odors. Occasional inspection to replenish supply if continued effectiveness is desired. Do not store photographic film in same area.

When closing home for vacations or season, place one MILDU-PAC for each 756 cu. ft. of space. Use only in unoccupied room. Rooms must be ventilated thoroughly before re-entry. Home will be pleasantly fresh, no musty odors.

### • PROTECTS •

#### Fabrics, Leather, Papers, Wood

For musty odors in bedding, place one MILDU-PAC along with mattress, quilts, blankets, sheets in a sealed closed space no larger than 100 cu. ft. Leave articles 24 hours, bedding will be clean, sweet and fresh.

**FIRST AID:** If swallowed, give salt and water and repeat until vomit fluid is clear. Give milk or white of egg beaten with water. Call a physician immediately.

**WARNING:** Causes irritation of skin, eyes, nose and throat. May be fatal if swallowed. Do not breathe vapor. Avoid contact with skin and eyes. In case of contact, flush with plenty of water; for eyes - get medical attention. If irritation persists, get medical attention.
