UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND RODENTICIDE ACT
FURTHER TO THE POISON REGISTERED
UNDER NO.

DIRECTIONS

To Activate, Remove Cellophane.

Hang MILDEW bag in closet, on shelf or in a drawer. Contents of this MILDEW bag will treat up to 756 cu. ft. For best results place MILDEW bag at highest point in area to be protected, since MILDEW fumes are heavier than air. MILDEW bag quickly and effectively rids all areas of mildew, and musty odors. Occasional inspection to replenish supply if continued effectiveness is desired. Do not store photographic film in same area.

When closing home for vacations or season, place one MILDEW bag for each 756 cu. ft. of space. Use only in unoccupied room. Rooms must be ventilated thoroughly before re-entry. Home will be pleasantly fresh, no musty odors.

• PROJECTS •

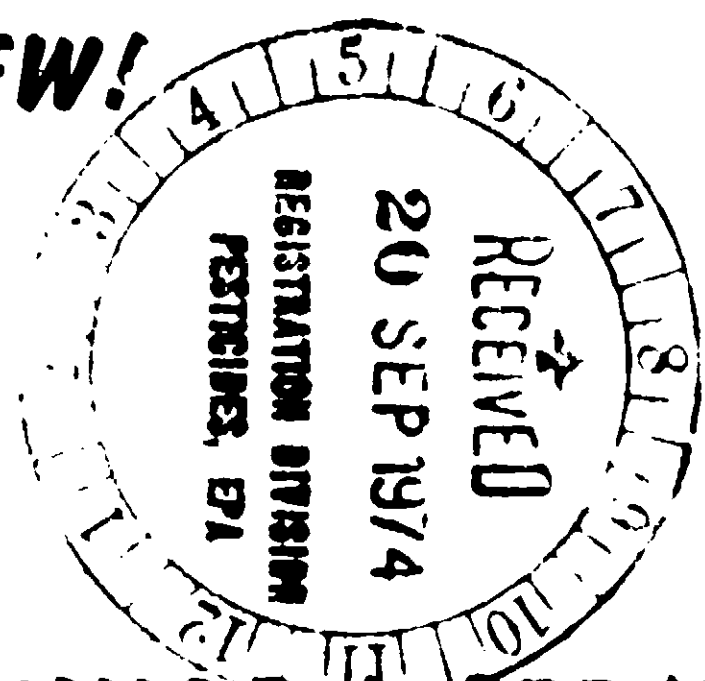

Fabrics, Leather, Papers, Wood
For musty odors in bedding, place one MILDEW bag along with mattress, quilts, blankets, sheets in a tightly enclosed or sealed closet. Space no larger than 100 cu. ft. Leave articles 24 hours, bedding be clean, sweet and fresh.

WARNING: Causes irritation of skin, eyes, nose and throat. May be fatal if swallowed. Do not breathe vapor. Avoid contact with skin and eyes. In case of contact, flush with plenty of water, for eyes get medical attention. If irritation persists, get medical attention.

FIRST AID: If swallowed, give salt and water and repeat until vomit fluid is clear. Give milk or white of egg beaten with water. Call a physician immediately.
