(See directions and cautions on back panel)

NET WEIGHT 20 oz. (1 lb. 4 oz.)

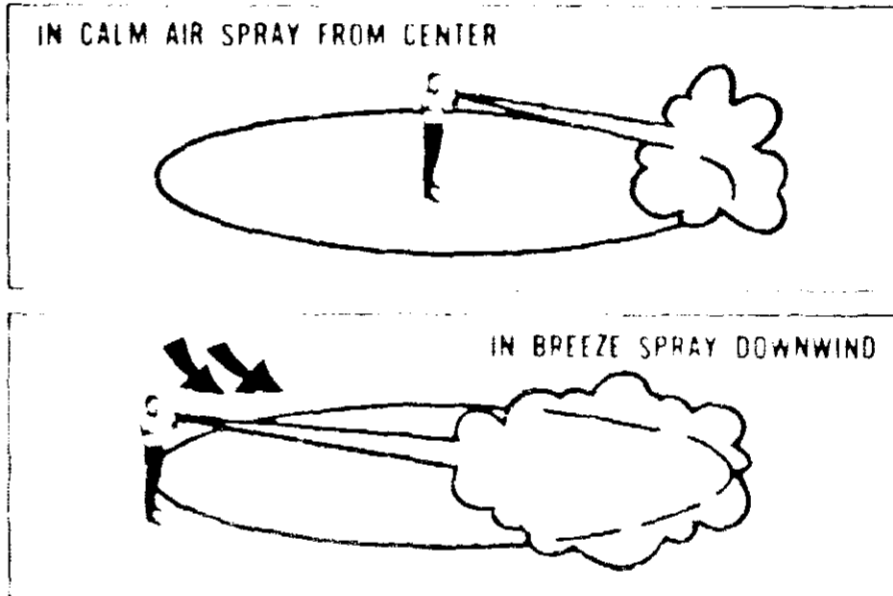

Coleman Campsite & Yard Fogger is designed to rid outdoor areas of insect pests. It both kills and repels Flies, Mosquitoes, Gnats, and Ants up to 20 feet away.

DIRECTIONS FOR USE

Shake vigorously for best results. Point valve away from tube and slightly downward. For best results, use when air is calm and breeze is slight.

For Flying Insects: Spray with breeze and allow fog to drift over area. When treating grass or bushes stand 4 to 6 feet away and allow spray to drift onto areas to be protected. Repeat as necessary.

For Crawling Insects: Ants, Crickets, Centipedes— Spray infested areas of campground, yard, patio, or picnic area hitting as many insects as possible. Spray legs of tables and chairs to repel crawling insects. Spray ant hills and trails thoroughly for best control.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Do not inhale. Avoid contact with and prolonged or repeated skin contact. Do not spray toward face or smoke when using.

Do not spray on food or food containers. Keep 4 to 6 feet away from campfire and other open flames when spraying. Do not use near fish ponds.

Do not use near fire, heat, or other heat sources. Do not use near open flame, radiator, or any other place where temperature may exceed 120° F. Excessive temperature may cause container to burst.

Do not use near electrical wiring or other electrical equipment. Do not use near electrical outlets. Do not use near electrical equipment. Do not use near electrical equipment. Do not use near electrical equipment.
