

Ladrin Bac/San is based on a highly-active mixture of three Twin Chain quaternary ammonium compounds. Soiled and contaminated fabrics such as diapers, hospital and institutional linen and athletic equipment is a major housekeeping concern not only in hospitals but in institutions, hotels, restaurants and schools. Used as directed **Ladrin Bac/San** provides effective residual bacteriostatic and self-sanitizing properties for laundered treatment items such as diapers, hospital and institutional linens and athletic equipment. For residual bacteriostatic or self-sanitizing activity, conditions of high relative humidity or wet contamination are required. **Ladrin Bac/San** is designed for commercial and institutional laundry use by addition to the final rinse step. Laundered fabric may also be treated by soaking in a solution of **Ladrin Bac/San**. For recommended solution concentration, see "Directions for Use".

Ladrin Bac/San is economical to use because it is concentrated. It should be handled with care.

Precautionary Statements

Hazards to Humans & Domestic Animals

DANGER

Keep Out of Reach of Children. Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Treatment effluent should not be discharged where it will drain into lakes, streams, ponds, or public waters.

STORAGE AND DISPOSAL

-DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.
-OPEN DUMPING IS PROHIBITED.
-DO NOT REUSE EMPTY CONTAINER.

PESTICIDE DISPOSAL

PESTICIDE THAT CANNOT BE USED, OR CHEMICALLY REPROCESSED, SHOULD BE DISPOSED OF IN A LANDFILL APPROVED FOR PESTICIDES OR BURIED IN A SAFE PLACE AWAY FROM WATER SUPPLIES.

CONTAINER DISPOSAL

DISPOSE OF IN AN INCINERATOR OR LANDFILL APPROVED FOR PESTICIDE CONTAINERS, OR BURY IN A SAFE PLACE.

GENERAL

CONTACT FEDERAL, STATE, OR LOCAL PESTICIDE AUTHORITIES FOR APPROVED ALTERNATE PROCEDURES TO AN UNLIDDED OPEN BOTTLE.

Statement of Practical Treatment

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution; or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

Directions for Use

GENERAL CLASSIFICATION:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

-For residual bacteriostatic or self-sanitizing properties, use **Ladrin Bac/San** as directed.

-For residual bacteriostatic activity against gram negative and/or gram positive odor-causing bacteria, use 1.0 fluid oz. per 100 lbs. of fabric (dry weight).

-For residual self-sanitizing activity against *Klebsiella pneumoniae*, aberrant, ATCC No. 4352 and *Staphylococcus aureus*, ATCC No. 6538, use 1.0 fluid oz. per 100 lbs of fabric (dry weights).

Dilute the appropriate amount of **Ladrin Bac/San** in one to two gallons of water; then add to the washwheel in the final rinse.

Re-treat fabric after each washing.
