

kleenaseptic®

Reorder No. 79-251-70

GERMICIDAL SURFACE CLEANSER

**BACTERICIDAL FUNGICIDAL
TUBERCULOCIDAL**

Inhibits growth of mold & mildew

Effective against:

Pseudomonas aeruginosa

Staphylococcus aureus

Salmonella choleraesuis

Trichophyton mentagrophytes

Aspergillus niger

Mycobacterium tuberculosis var bovis

DEODORIZER

Suppresses malodor at its source

DIRECTIONS:

Hold dispenser 6" to 8" from surface to be cleaned and sanitized. Spray thoroughly and wipe with a clean cloth or paper towel. To control mold and mildew repeat application weekly or when new growth appears. This broad spectrum germicidal cleanser is for use on non-porous surfaces including glass, plastic, chrome, stainless steel, tile and vinyl. Leaves sparkling clear finish. It is especially effective in critical isolation sections in hospitals and nursing homes, also for use in clinics, operating and emergency rooms, veterinary clinics, hotels, motels and schools.

ACTIVE INGREDIENTS

Diisobutylphenoxyethoxyethyl
dimethyl benzyl ammonium

chloride 0.25%

Isopropanol 14.85%

INERT INGREDIENTS: 84.90%

WARNING:

Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator. Avoid contact with eyes. Avoid contamination of food.
