Dear Ms. Campbell-McFarlane

RE: Notification – Label changes for EPA Reg. No. 10772-5 - Sno Bol Toilet Bowl Cleaner.

This notification replaces the previous Notification document, dated December 21, 2009, that contained the some errors in the label text.

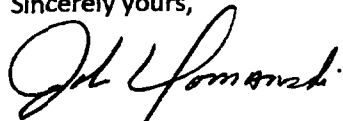

Enclosed is a completed EPA Form 8570-1 and 1 copy of the revised labeling. Also enclosed is 1 copy of a annotated label with the changes highlighted. The Storage and Disposal section of the label has been revised to reflect that the container is "nonrefillable" as per PR Notice 2007-4. The following certification statement appears on EPA Form 8570-1:

*Notification of label change per PR Notice 2007-4. This notification is consistent with the guideline in PR Notice 2007-4 and the requirements of EPA's regulation at 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156. No other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under section 12 and 14 of FIFRA.*

The Est. No. has been changed from 55179-IN-1 to 83973-IL-001. The emergency telephone number in the First Aid section has also been changed. I believe that this change can be made by "Non-notification", as per PR Notice (PR) 98-10 (Section IV. Non-Notifications, Part F, No. 7 [Consumer Access Numbers]).

If you have any questions or require additional information, I can be reached telephone at 609-497-7508 or by email at [j.domanski@att.net](mailto:j.domanski@att.net). Thank you for your assistance in this matter.

Sincerely yours,

John Domanski  
Sr. Manager
