	Terms of Issuance: Conditional	
	Name of Pesticide Product: Red Cross Nurse Brand Disinfectant & Air Deodorizer	
Name and Address of Registrant (include ZIP Code) Sunpoint Products, Inc. 417 Canal Street Lawrence, MA 01842		
<p>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above-named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p style="text-align: center;">This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:</p> <ol style="list-style-type: none"> 1. Submit and/or cite all data required for registration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4. 2. Make the labeling changes listed below before you release the product for shipment: <ol style="list-style-type: none"> a. Revise the EPA Registration Number to read "EPA Reg. No. 10801-5" b. The subheading Physical Hazards must be revised to read: "PHYSICAL OR CHEMICAL HAZARDS" 		
Signature of Approving Official:  Adam Heyward Product Manager 34 Regulatory Management Branch II Antimicrobials Division (7510C)	Date: October 22, 2002	

- c. Revise the product's name to read as follows;

“Red Cross Nurse Brand Disinfectant & Air Deodorizer”

- d. Revise the first aid statement to read as:

FIRST AID

IF ON SKIN OR CLOTHING:

- Take off contaminated clothing
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a Poison Control Center or doctor for treatment advice

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment. For additional information in case of an emergency call toll free (telephone Number).

- e. Revise the precautionary statement to read as follows:

**PRECAUTIONARY STATEMENT
HAZARDS TO HUMAN AND DOMESTIC ANIMALS
CAUTION**

Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Prolong or frequently repeated skin contact may cause allergic reaction in some individuals. Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse.

- f. The statement Red Cross Nurse deodorizes by killing the germs that cause odors must be revised to read: “Red Cross Nurse Brand deodorizes by killing bacteria that cause odor.” In addition, the complete nomenclature (including the ATCC designation) of all organisms must be listed on the label.
- g. Delete the statement, “Red Cross Nurse kills household germs . . . and diaper pails” and “Excellent for controlling mold and mildew on mattress and pillow.”

h. Revise the label so that following statements are displayed on the label as follows:

General Precautions and Restrictions

- Avoid contact with food
- Keep away from children
- Do not spray on painted or varnished surfaces, leather, rayon, fabrics or acrylic plastics.

i. With respect to the ingredient statement, the headings "ACTIVE INGREDIENT and INGREDIENT" must be the same type size, aligned to the same left margin and equally prominent.

j. The ingredient statement must be displayed as follows:

ACTIVE INGREDIENT:

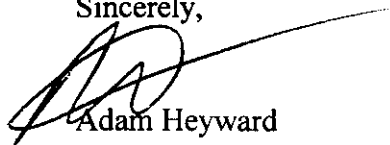

Ethyl Alcohol	75.1%
OTHERS.....	<u>24.9%</u>
Total.....	100.0%

A stamped copy of the labeling accepted with conditions is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the above revisions.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Adam Heyward
Product Manager (34)
Regulatory Management Branch II
Antimicrobials Division (7510C)

Please check copy, color breaks, size and overall design for errors. Reid Graphics will assume no liability for parts manufactured according to the information herein once this proof is signed by the customer. **PLEASE NOTE:** The intention of this proof is to **show color breaks and approximate color only** (if multi-color). It is not intended to represent actual color match.

COMMENTS: _____

ACCEPTED
with **COMMENTS**
EPA Letter Dated:
OCT 22 2002

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide, registered under EPA Reg. No. **10801-5**

Kills Household Germs: The Red Cross Nurse kills household germs, even odor causing household germs, in empty garbage cans, empty hampers, bathroom basins, toilet seats, under sinks, pet areas, and diaper pails.

- An effective surface disinfectant for:
- * Staphylococcus Aureus
 - * Pseudomonas Aeniginosa
 - * Salmonella Choleraesuis

Fast/Easy/Effective: Use on finished surfaces in basements, closets, attics, laundry rooms, storage areas, vacation homes, boat interiors, shower stalls and recycling bins. Excellent for controlling mold and mildew on mattresses, pillows and shower curtains.

Eliminates Odors: The Red Cross Nurse deodorizes by killing the germs that cause odors. Red Cross Nurse eliminates odors at their source and in the air. Ordinary non-germicidal sprays can't do this. To eliminate odors retained in fabrics, spray on draperies, curtains and upholstered furniture. Red Cross Nurse "gets to the source" of the odor without heavy perfume. Eliminates damp moist odors in basements and in areas where air doesn't circulate.

Directions for use: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

To disinfect: Hold container upright 6" to 8" from surface. Spray pre-cleaned surface 2 to 3 times until covered with mist. Allow to stand ten minutes to air dry.

To control mold and mildew and their odors: Clean surface prior to application. Spray surface until covered with mist. Repeat applications as necessary.

To deodorize: Hold can upright. Spray on surfaces as needed.

PRECAUTIONARY STATEMENTS: Hazards to humans and domestic animals:
CAUTION: Avoid contact with eyes and food.

First Aid: In case of eye contact, immediately flush eyes thoroughly with water, remove any contact lenses, and continue to flush eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

Physical Hazards: Flammable. Keep away from heat or open flame. Avoid contact with food. Keep away from children. Do not spray on painted or varnished surfaces, leather, rayon fabrics or acrylic plastics.

Storage/Disposal: Store in original container in areas inaccessible to small children. Replace cap and discard in trash. Do not reuse empty container.

10/11/88

She protected your grandmother's family and she will protect yours. Her appearance has changed over the years, but the Red Cross Nurse has remained a trusted symbol since 1869. You can rely on her now more than ever.

Kills Household Germs: The Red Cross Nurse kills household germs, even odor causing household germs, in empty garbage cans, empty hampers, bathroom basins, toilet seats, under sinks, pet areas, diaper pails and sick rooms.

An effective surface disinfectant for:

- * Staphylococcus Aureus
 - * Pseudomonas Aeruginosa
 - * Salmonella Choleraesuis
 - * Mycobacterium Bovis (TB)
- (effective in 10 minutes at 20°C)

Fast/Easy/Effective: Use on finished surfaces in basements, closets, attics, laundry rooms, storage areas, vacation homes, boat interiors, shower stalls and recycling bins. Excellent for controlling mold and mildew on mattresses, pillows and shower curtains.

The Red Cross Nurse meets AOAC efficacy standards for hospital disinfectants.

Eliminates Odors: The Red Cross Nurse deodorizes by killing the germs that cause odors. Red Cross Nurse eliminates odors at their source and in the air. Ordinary non-germicidal sprays can't do this. To eliminate odors retained in fabrics, spray on draperies, curtains and upholstered furniture. Red Cross Nurse "gets to the source" of the odor without heavy perfume. Eliminates damp moist odors in basements and in areas where air doesn't circulate.

Directions for use: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

To disinfect: Hold container upright 6" to 8" from surface. Spray pre-cleaned surface 2 to 3 times until covered with mist. Allow to stand ten minutes to air dry.

To control mold and mildew and their odors: Clean surface prior to application. Spray surface until covered with mist. Repeat applications as necessary.

To deodorize: Hold can upright. Spray on surfaces as needed.

PRECAUTIONARY STATEMENTS: Hazards to humans and domestic animals:

CAUTION: Avoid contact with eyes and food.

First Aid: In case of eye contact, immediately flush eyes thoroughly with water, remove any contact lenses, and continue to flush eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

Physical Hazards: Flammable. Keep away from heat or open flame. Avoid contact with food. Keep away from children. Do not spray on painted or varnished surfaces, leather, rayon fabrics or acrylic plastics.

Storage/Disposal: Store in original container in areas inaccessible to small children. Replace cap and discard in trash. Do not reuse empty container.
