

FOR ECONOMIC POISON REGISTERED UNDER NO. 10806-2 SUBJECT TO ATTACHED COMMENTS.

DOG AND CAT REPELLENT DIRECTIONS SHAKE WELL BEFORE USE

INDOORS:

To break your pet of undesirable habits (such as sleeping on furniture, rugs, and other forbidden areas in your house), spray the article of furniture, rug, etc. with DOG AND CAT REPELLENT so that the area or object is slightly moistened. Before spraying extensive areas of rags, fabrics, or plastics, test the effect of this product by first treating a small, inconspicuous area. This product may stain or soften some fabrics or plastics. An alternative method to avoid possible damage is to spray a piece of cloth lightly and place it on the object or area in your home to be protected. Repeat daily, or as necessary, until undesirable habit is broken.

CUTDOORS:

To prevent your pet, or stray animals from soiling flower beds, areas of lawn, trees, shrubbery or evergreens, spray the edges of flower beds, trunks of trees, the bases of shrubbery and evergreens, patches of lawn, etc. every day, or every other day, with DOG AND CAT REPELLENT. Stray animals are frequently attracted to areas where urine or feces have been deposited. First, remove any droppings then spray the spot with this masking odor. Re-apply as often as necessary until undesirable habits of your pets or stray animals are changed.

Do not apply directly to foliage of shrubs or to ornamental, softbodied plants.

GENERAL:

For both indoor and outdoor situations, the most effective control for a pet is the sharply spoken word backed up with disciplinary act of DOG AND CAT REPELLENT should be used in conjunction with training.
