

**ACCEPTED**  
 Sep. 22-1970  
 UNDER THE FEDERAL INSECTICIDE  
 FUNGICIDE AND RODENTICIDE ACT  
 FOR ECONOMIC POISON REGISTERED  
 UNDER NO. 10806-3

**DIRECTIONS**

- Hold dispenser about 12 to 18 inches from surface to be protected and mist lightly. It is not necessary to wet surfaces.
- For Clothing: Treat eyelets of shoes, socks and areas around any openings of clothing where insects may enter, also on those areas of clothing (except rayon) that brush or rest on the ground. Only those areas actually sprayed can be expected to repel insects.
- For Exposed Areas of the Skin: This formulation does not irritate normal skin and can be applied directly in some cases, taking care to avoid spraying in the eyes and mouth. For treating the face, spray in palm of hand, rub palms of hand together and then massage the repellent into the skin of cheeks, throat and other facial parts, except eyes and lips.

Repeat Application As Necessary

|  |        |     |
|--|--------|-----|
| ACTIVE INGREDIENTS                                 |        | 20% |
| Dimethyl Phthalate                                 | 12.77% |     |
| 2-Ethyl-1, 3-hexanediol                            | 3.46%  |     |
| Butyl dimethyl dihydro-gamma<br>pyrone carboxylate | 3.77%  |     |
| INERT INGREDIENTS                                  |        | 80% |

**CAUTION**

This material is a solvent for lacquer, paint, and it will soften certain plastic articles. Avoid smearing on goggles, watch crystals and rayon fabrics. Do not puncture or incinerate container. Container should not be stored in direct sunlight or where temperature exceeds 120°F. Do not spray near fire or open flame.
